4.0 Committee Business

4..1 Introduction

- Quick over view of everyone and their roles in the Guild and how they are relevant to the Student Services Committee

4..2 Guild Engagement

- Report approved
- Danielle explained the coffee roll out will commence once the little tweaks

have been worked out at the cafes. But the plan is to communicate to all students about the coffee, also using resources from Vittoria such as tasting notes, barista training and coffee carts for tastings on Oak Lawn.

- Megan explains we have also changed the artwork on the coffee cups which was shown to the committee – which everyone loved
- Jacob asked Danielle about the club social media which was a success with 13 participates but Danielle explained we have defined the process and run another training session with the Guild departments which was a massive success so we will be tweaking the format for semester 2.

4..3 Events

- ODAY feedback is coming through and will be compiled
- We are currently looking at 6,880 signs ups for clubs on the day
- Cindy explained there is a delay in finalizing the ODAY grants as a number of clubs haven't completed their treasury training
- Megan would like someone else to look at running the training to help the clubs

4..4 Volunteering

- Jacob asked if Guild Council can help with sending through feedback which Lana said was fine.
- Albany Prosh happened yesterday but we haven't received any feedback as to how this went yet.
- Lana let us know there will be a slight delay in getting the online donations with a potential of \$2,500 sitting in the account, which would take the total amount raised to around \$50,000. Megan has asked Dawn for a \$10,000 donation which she will follow up on
- They have recognized that getting square readers in a priority for 2019 – as the delay in ordering them resulted in constraints from finance in security etc. Megan says we should just order the square readers now
- Lana stated although student engagement and participation was well received, the hustle on the street wasn't the same which could be put down to the lack of confidence students had in handing out the papers.
- We recognized there was no real hype in the morning and leading up to the event, which is something that needs to be addressed for next year.
- We discussed possibly having students in Forrest Chase at lunch time to catch the lunch time traffic for donations also.
- We talked about how we approached a few businesses about sponsoring Prosh, we acknowledged the reputation of Prosh isn't that well perceived in the public and hopefully if we work with businesses earlier on we can change this.
- Discussed putting the Prosh paper online for 2019 where people could pay to download or read the paper online.
- Everyone agreed to reduce the number of papers that we order.

4..5 Student Assist

- Patrice let us know that 80% of their case load at the moment is anxiety related, which they can't put their finger on the root cause as each case is different. She also said that Vanesse has a full case load and Student Assist currently as a 10 day wait to see her. She will also be conducting a survey on

Vanesse from her students. has asked Dawn for a \$10,000 donation which she will follow up on

- 73 students used the food pantry in March which has Patrice worried about the sustainability of the pantry. We discussed options on how Fac Socs and clubs can get involved, along with exploring external opportunities. The option of paying for parking fines through perishable foods was highly successful for Curtin, something for Megan to look into.

4..6 Orientation Updates

- Jacob Fowler and Chloe Jackson are working on a orientation plan on how we think the orientation should run for 2019, they will complete this with facts and suggestions and submit this to the university. The plan will run from December until March.

3.0 Previous Minutes

- **Passed**

4.0 Committee Business

4..1 Introduction

- Quick over view of everyone and their roles in the Guild and how they are relevant to the Student Services Committee

4..2 Guild Engagement

- Report approved
- DB explained that there has been a decline in the opening rate of the Guild Weekly over the last couple of weeks and she wondered if the students have any input on why they think this is happening? PP asked what time do we send it out? DB we send it out on Sunday night so

students are prepared for the week with the list of events. ML suggested we change it to Monday morning at 8/9am for two weeks and judge whether we have an increase in the opening rate, she also suggested we change the title up so it is a bit more click bait like. PP said she loved when Maddie Mull did food reviews in the Guild Weekly as she always read it then, DB said this is something we can definitely do for semester 2. ML put her hand up to do this as she is very happy to do the food reviews.

- DB also let the students know although it is only May the 2019 diary is already beginning to be planned out with suppliers needing to be booked in, we still have 4,200 diaries left out the back of the GSC but asked the question are diaries still relevant to students? ML said yes but we could possibly reduce the number for next year, we need to look into what other value the diary can provide students through vouchers, planning tips and making the space bigger. ML if we could get them earlier in Dec so they are ready for students returning in Jan. DB well we have a lot of content at the front we can reduce down, which would help. ML could we look at turning this into GQ codes and have them throughout the diary which could take the students to further content. JF can we please remove the flap and change them to ribbon. Committee agreed on this. DB we also sold out of wall planners this year, so is there more of demand for this? JF yes, students like to plan out their semester and this years was very visual and if we could provide a digital copy that would be awesome. JF could we look at providing faculty specific wall planners, so each student feels like they are personalized. Committee agrees. ML this can be supported with memberships stands with diaries, wall planners and stickers at each of the faculties at the start of the year.
- PP asks how the website is going, DB we have finalized our briefing document and have met with one developer and sent the brief to another developer also.

4..3 Events

- Report has a few questions – ML why is SARC no longer funded and why are we paying for this? DB because SARC was paid for by HPU and they felt they didn't receive enough marketing/ sponsorship support for paying for this. ML that's ridiculous! It's about teaching students. JF didn't we also support them last year with PROSH? LC said he will look into this and work out whether it is a possibility to get this funded again
- LC is happy to report that the Guild Ball date is staying the same
- LC EOS is mini golf on Oak Lawn and arcade games in the Tavern, this is Tuesday the 29th of May from 12pm till 3pm
- LC has recognized that the word returners is to be avoided on any artwork for the back to semester party they are planning in the Tavern which is likely to be a crap music rave
- LC said they would be running monthly movie nights in the Tavern throughout semester 2 and every second Tuesday will be karaoke night in the Tavern. PP how much is this costing? LC this is free for students.
- LC we are looking at running a comedy show at the end of August based on the success of the last one

4..4 Volunteering

- LR stated it was National Volunteering week with a number of activities happening throughout the week for students.
- LR said the PROSH cheque ceremony is on Tuesday the 29th of May from 4.30pm in the Tavern. JC to send out invite to Guild Council
- LR said she was looking into mid semester opportunities for students to get involved in but asked the question do, a lot of students go away at this time of the year? JC yes, they do, I am. LR so do I capitalise on the time with international students? ML a lot of the tend to go back at this time of the year and they have an extended break rather than quick trips home so maybe 1 or 2 but nothing major.
- DB your volunteering fair was amazing! LR thank you, she felt it missed some interaction with students because of Welfare week. LR what other themed weeks coincide with National Student Volunteering Week? LC he will chat to the other department who has their week booked then and will see if we can move it. LR she unfortunately hers are national so she can't be flexible. LC will definitely look into moving the weeks.

4..5 Student Assist

- PM SA are smashing it! With May being typically one of their busiest months and welfare week this week. Oak Lawn was hectic yesterday!
- PM we are working with ISS, women's and the engagement department on a marketing/ comms plan for International Student Health
- PM we are also creating SA coasters with SA and Ask Angela advice for the Tavern, working with engagement on this

4..6 Key Projects Update

- Events - JC and LC are working on silent disco in the Refectory to highlight to clubs how the space can be used. They are looking at a white party on the 7th of September which would be marketed to clubs as a way of saying thank you for their hard work, would be shared earlier rather than later with the clubs.
- Food Pantry – JF asked whether cash donations can be tax deductible? ML unfortunately not because of the ties we have with the university but she is meeting with the minister of education next week and this issue is on her agenda to bring up with her as we are taxed differently to any other not for profit. ML also said that there hasn't been a big enough push for the Fac Soc food drive compared to last year and she has spoken to Conrad (Education president) about this. PP said would about a college row food drive? ML unfortunately the demographic that use the food pantry tend to be from college row so this doesn't work. ML said she would explore the option of paying for parking fines in goods for the Food Pantry for a week. PM can we also get a thank you certificate for Barrett's Bread
- Guild Volunteering – LR VACE chair has sent out the meeting request for the 30th of May. ML can we please use Outlook as she doesn't receive them. JF said focus on the international student intake in semester 2
- SSAF Video – DB video on track to be completed by sem 2, script is being finalized and Honny has begun to pull footage together.

5.0 Other Business

- Guild Ball theme – JF to spear head to committee but ML will send him her notes

from when she was committee head of the ball in 2016 and that having a committee will make things easier.

Discussion was moved into an in-camera discussion whilst the theme was discussed.

Close 12pm
