SUMMARY

While personal progress has been affected this month due to illness, this month was particularly dense in meetings with university staff. With 2 senate meetings, including the annual planning day, a large priority was ensuring I was well informed heading into these meetings so as to properly represent students.

The release of the NSSS shows that we have a lot of work to do to create both a safer environment, and also to create an environment that encourages reporting, and provides a safe system in which to do so. This will be a major priority for the month ahead.

PROJECT UPDATE

O-Day Survey

Caitlin and I have finalised the O-Day survey, which has now been circulated to students. This survey will support the Guild in identifying ways to improve the orientation experience for new students and improve our reach as an organisation.

Seamless Digital Experience

The Seamless Digital Experience project is an initiative under the Student Life portfolio of the University. The project is aiming to integrate a number of existing digital UWA services into one platform. My role on this committee is to explore opportunities to integrate Guild services and events, and I am in discussions with Caitlin and Kelvin as to how we can best do this. I am also assisting in preparing focus groups of students to provide input into the project. I have reached out to Access and ISD for assistance in this matter.

Guild Masterplan

The selection process for the Masterplan has been concluded by the Guild Executive. The recommendation should be circulated to council for approval once negotiations are finalised.

Lyn Beazley Institute

Cassie Howell has been appointed unopposed as the new Lyn Beazley Institute Chair. We are working with Xander to produce some marketing collateral for the Institute and drafting a business case enabling the institute to run their first events and initiatives in the coming months. Committee applications are currently open, so if you know someone interested, please encourage them to apply.

SUMMARY

February was a great month for a Guild. A lot of important projects were started and lots of great work was undertaken.

This month was characterised by lots of new furniture in the Bob Nic Common Room, making head way into the parking app and wrapping up the policy trackers and the new guild event were looking to run. Moving forward, I am excited to wrap up the renovations, finalise the parking app proposal in conjunction with Chloe Kellar & work with Jak to bring our event to life.

This month, we have seen COVID run rampant across the campus and massively affect our vendors and the financial health of the Guild. Moving forward, we will all have to be more financially aware and look for new ways to spur activity and growth on campus.

Looking forward to the month ahead!

PROJECT UPDATE

In Progress

Parking Improvements

A project proposal was created. Discovery meetings with Finance Director & Managing Director was done. A further exploratory meeting with Chloe bull was done. There is now a clear roadmap ahead with how to go about getting the university to fund a parking app. A small working group will be created to help put this all together.

Ongoing Club overdrafts

Working with Guild Finance to chase up club overdrafts is unfortunately still ongoing from 2021. Emails have been sent out however with little success. We will be looking at alternative ways to chase up these clubs and close this chapter for good.

Sponsorship Prospectus

Our mission of getting better sponsors for UWA Guild is underway with the creation of the project proposal in conjunction with Aidan Mansfield. A team has been assembled and we are awaiting our first working group meeting due to COVID.

Bob Nicholson Renovations

Bob Nicholson Renovations are well underway. ¾ of the total furniture has been ordered and built. Carpet & sofa cleaning was done, and we are awaiting the remaining items to come in stock. A floor plan needs to be finalised and will be presented to Council.

New End of Sem Guild Event

A project proposal was submitted to Student Services Committee, and we are awaiting Jak to produce a budget for this event. We are looking to host it in either start of Sem 2 or mid Sem 2. For anyone interested, please reach out to read the project proposal.

Ceased

Producing Financial Material (temporarily ceased)

After discussions with the Guild Finance staff, we can confirm we are not allowed legally to produce financial material regarding SSAF. We will look at other means of increasing student's financial literacy.

Q-Pay Platform (Ceased)

Over the last 1.5 months, conversations have been had with Q-Pay with the prospect of bringing them on as the official UWA Ticketing Platform. However, given the current financial situation, it is unlikely we will be progressing further with this and will be looking at alternatives.

Completed

Policy Tracker

The policy tracker was created to keep the council accountable and help the public keep up to date with what's happening. All the work has been done on my end and is now with Caitlin and the marketing team to get up on the website. In essence, this project is now wrapped up.

“Better Guild Committee” Meetings Training

The committee chair meeting took place on 22nd Tuesday Feb. We successfully upskilled all the committee chairs on how to run a Guild Committee efficiently and what their different responsibilities entail. Feedback from this meeting was positive and was described as useful.

SUMMARY

This month has been a very busy month for the Access Department and the impact of COVID has been very difficult this month, especially. We haven't held any events this month but have been tirelessly working on campaigns and events happening soon. On a positive note, we have filled all committee positions and are excited for what's to come.

MEETINGS ATTENDED

<i>Date</i>	<i>Meeting</i>	<i>Purpose</i>
08/03/2022	Election Culture Meeting	<i>In this meeting, we discussed and voted on the proposed changes to the election regulations. We discussed capping the number of OGCs, increasing nomination fees, the introduction of co-signatures in a nomination form, personal statements, and changes to the election timeline. Some of the proposed changes were approved to be taken through to Governance, but others weren't such as increasing nomination fees and the introduction of co-signatures. Access was very vocal against the increase of nomination fees as well as the restructuring of the nomination period, where party nominations would be during one of the most stressful times of the semester (Week 12).</i>
08/03/2022	Guild Councillor Training	<i>This training was a refresher training on the structure of the Guild, the expectations, and duties of Guild Councillors.</i>
09/03/2022	Student Wellbeing Monthly Meeting	<i>This meeting was similar to the last meeting (see February report). We spoke about the dissolution of the group, but this has not been finalised yet. Melani and Dana asked about bringing back a psychiatrist to the medical centre\ but were told that it was unlikely, and that engagement was low with the service. We gave an update on our Accessible Education Guide.</i>
10/03/2022	DAIWG Meeting	<i>This was the first DAIWG meeting of the year. We reviewed the terms of reference for the group and the action plan for this year. We discussed the importance of amplifying the voices of staff members with disabilities and how the University can be more inclusive. Furthermore, we discussed promoting Ally as a tool for staff to use to make their lectures more accessible.</i>

11/03/2022	Access Executive Meeting	<i>This was our last in-person meeting. Firstly, we celebrated Jit's (Partnership Director) birthday! Then, we went through our agenda which included updates on our projects, plans for this year, what's next, and homework. We also debriefed O-Day and Guild on the Green – what people were grateful for, what went well, what we could improve. Overall, it was a successful meeting.</i>
15/03/2022	Equity and Diversity Committee Meeting	<i>This was the first EDC meeting of the year. We spoke about the constitution for the group, which Jenny kindly sent us. Then, we discussed our action plan and any issues we noticed. Access then announced what our plans are for the year, as well as plans that are currently in motion (i.e., Accessible Education Guide).</i>
15/03/2022	Full Stop Australia Workshop	<i>This workshop was conducted by Full Stop Australia on how to receive disclosures of sexual, domestic, and family violence. We were taught about different types of domestic, and family violence as well as sexual abuse. We were provided with different resources for obtaining statistics on the issues in discussion. We were given training on empowering practices, initial responses to disclosures (what to and what not to say), and important things to say during a disclosure. We were also taught what to expect from our initial feelings during a disclosure, and how to look after ourselves afterwards. It was a very informative workshop and something we will be sharing with the rest of our committee.</i>
17/03/2022	Access Executive Meeting – Avery	<i>We met with Avery to discuss her role as Campaigns Director. We went through our campaigns document and explained what campaigns we wanted to work on. As a group, we workshopped some of the ideas and focused on the key ones we aim to achieve this year. We discussed our plans for Purple Day too.</i>
18/03/2022	Access Executive Meeting – Jit	<i>Melani and Dana spoke with Jit, our Partnerships Director, about his role and what partnership projects we have for this year.</i>
18/03/2022	Access Executive Meeting – Kylie	<i>We spoke with our Marketing Director about her roles for this year, software to use to produce content, social media accessibility,</i>

		<i>and upcoming campaigns. We went through our vision for the Purple Day Campaign posts.</i>
<i>19/03/2022</i>	<i>Science Union and Access Meeting</i>	<i>This meeting was held regarding Screw Week. We discussed who our guest speakers were and what was left to do such as booking a venue, completing the EMP, creating the marketing material and making a link to get questions for the Q and A portion of the event. At that time we had confirmed two speakers and had ordered the prize for a quiz at the end of the event. Dana created a to-do list for what was left.</i>
<i>19/03/2022</i>	<i>Access Executive Meeting – Isabella</i>	<i>We met with our Events Director to discuss her role and what events we will be holding. We briefly discussed the upcoming Screw Week event and went through our plans for Access Week.</i>
<i>24/03/2022</i>	<i>Access meeting with Xander</i>	<i>The draft of the Accessible Education Guide has been completed and has been sent to Xander to be laid out. We discussed what look we are going for and the accessibility of the document.</i>
<i>27/03/2022</i>	<i>Committee Bonding</i>	<i>We held our first full committee bonding over Teams. We played a Kahoot that informed our members on some common myths and facts about the Access Department. We also played Pictionary through Skribbl.io for bonding. PROJECT UPDATE

Committee Applications

We have finalised our general committee, taking on six Ordinary Committee Members and four International Representatives. A committee bonding was held on the 27th of March to welcome everyone to the team and have them be acquainted with each other. A projects meeting is being organised for the coming week.

Accessible Education Guide

The draft of the Accessible Education Guide has been submitted and we have had a meeting with Xander to layout the design and to make sure the document will read out well with text to speech software. Xander has asked us to send him some examples of what the guide should look like.

Accessible Clubs Guide

The Accessible Clubs Guide needs some updates to include more information on how online events can be more accessible, and more information on how events can be accessible to students with neurodivergent conditions.

Access UWA Students' Voting Rights

No updates on this project yet, Access is in consultation with Tony to figure out who in the university we can contact to progress with this project.

Learning Disability and Neurodiverse Conditions Diagnosis

The UWA Medical Centre no longer has a psychiatrist so we, unfortunately, cannot have this change be established there. The Robin Winkler Clinic charges \$400 for neuro assessments but it's \$300 for a full-time student or pensioner. We are in conversation with the clinic about making the costs \$300 for students who are part-time and how they can reduce the costs. It is unlikely they can reduce the costs since it seems to be the lowest rate they can charge, compared to other medical institutes that charge well over \$1000.

We have also arranged a meeting with Student Assist to see if there can be a grant program provided to students who cannot afford these fees.

Neurodiversity Coach

We have reached out to Hanna Dwyer and Melissa Tan who are the program coordinators of the Specialist Mentoring Program run by the Robin Winkler Clinic. We are planning on discussing the need for a similar program for students with other neurodivergent conditions, and if it is feasible.

Screw Week

In collaboration with Science Union, we are holding an event called, "Stuff Your Parents Never Told You About Sex." It is centred on exploring domains of sexual health and pleasure that are not typically talked about in school. The event will be held on April 6th. So far, we have SECCA, Yvonne Kesselring, Hanna Saltis, Kai Schweizer and Carol Kaplanian coming to speak about a variety of topics such as cultural approaches to sexual health, LGBTQIA+ sex ed, and sexuality and disability.

Access Week

Our committee has started planning out Access Week which will be held in Sem 2 Week 4. Dana, Melani and Isabella (the Events Director) are finalising the kind of events we would like to hold including collaborations. So far, we plan to organise micro-volunteering events for tangible opportunities to make a difference in the community, wellbeing workshops, and mindfulness through art sessions.

Science Union Handbook - Access Service Page

The issue of students not knowing about UniAccess Academic Adjustment Plans (UAAPs) and not applying for them on time is something we have been addressing in all parts of the university. Keegan, from the Science Union, allowed us to include a page in the Fresher Handbook solely on applying for UAAPs, who to contact, the forms to be filled out etc... We are also hoping to send an email to all the heads of school to include the Accessible Education Guide on the resources tab of LMS.

Disability sensitivity and Stigma Prevention Course

The disability sensitivity and stigma prevention course is an information course the Campaigns Director, and the Co-Officers are currently working on. This course aims to better educate students on different disabilities, increase confidence in working and studying with people with disabilities, and increase self-assurance when speaking to people with disabilities. The Campaigns Director, Dana and Melani have

started researching the content needed to be included and are in the process of researching different organisations to consult and verify the information being included.

Student Learning Entitlement Legislation

As of January 2022, the Student Learning Entitlement legislation under the Higher Education Act 2003, forces students to finish degrees within seven years to receive HECS/HELP support. Any time over the seven years taken to complete a degree will have no financial support, which means paying for units upfront before commencing the semester. This will have a devastating impact on student carers, students with disabilities and students from lower socio-economic backgrounds. Students with disabilities often take on tertiary education at one or two units per semester and even take a few semesters off due to the circumstances of their disabilities, which means they would need well over seven years to complete a degree. The same circumstances apply to student carers. Students who are of a lower-socioeconomic background often take a reduced workload to be employed and support themselves and/or their families. They also take periods of time off university for financial and/or employment reasons, which means they need much more than seven years to complete a degree.

The Access Department has reached out to the National Union of Students Disability Representative to talk about this issue. We are also planning to reach out to the Student Offices to see how they will implement this legislation and the Education Action Network on how we can effectively inform students of these changes that could affect them in the future.

Access x UWA TikToks

The University of Western Australia has reached out to the Access Department in producing a few TikToks of our committee signing some basic Auslan. Video 1 will cover Basic Auslan for everyone to learn, I.e. Hello, How are you etc... Video 2 will be about the basic fingerspelling alphabet in Auslan. Video 3 will cover signs for all the different schools I.e. Engineering, Arts, Business, Law etc.... Video 4 is to cover UWA/student-focused phrases I.e. study, library etc... The TikToks will be filmed in two weeks.

World Blood Donor Day

World Blood Donor Day will be held on 14 June 2022. Every 5 minutes, a new blood donor is needed and 1 in 3 Australians will need blood in their lifetime. Hence, we have planned an initiative to promote blood donations. As a committee, we will all go donate blood (provided everyone is comfortable in doing so) and film it so we can create a "Day-In-The-Life"-type video for our socials.

Wellbeing Volunteering x Access Department Partnership

Wellbeing Volunteers are student volunteers who provide safe, non-judgemental, and peer-appropriate aid to students at university events. The volunteers are provided physical and mental health first aid training, however, no sort of training in disability sensitivity or disability first aid is provided. We believe an Access representative with all the given training attending these events would be a start to addressing care for students with disabilities at events. There is also an option of training all the volunteers with disability sensitivity and disability first aid. The Access Department Partnerships Director has reached out to the Guild Volunteering Department to form this partnership.

SUMMARY

This month has been hectic. Unfortunately, I don't think this report does justice to just how much work the Education Council has had on its plate this month. With the resignation of two executive members of Education Council and arriving two months late to the role, the month has flown by. My main focuses for this month were to:

- 1) Bring Education Council up to date by electing a committee and dealing with all administrative and strategic matters.
- 2) Get an overview of how the Education Council has operated in the past and refine its strategies and purpose moving forward.
- 3) To increase the level of engagement of the Education Department with University Stakeholders, especially in university meetings.

Perhaps the greatest challenge facing the Education Council this year is creating grassroots level support for various campaigns. In general, the Education Council has provided minimal support to many campaigns. It is my intention to increase the level of engagement across the board (literally) to influence and foster university-wide movements. Many messed up things have been let through to the keeper. We need to be better.

I would like to thank the Education Council Committee including the new members who will be elected on 22/03/22. I would especially like to thank Education Council Treasurer Elena Wittkuhn who has remained committed to the department and has taken the bulk of financial matters on her shoulders.

PROJECT UPDATE

Canva Night

No date set yet but would love feedback if other departments would like to participate.

Fringe Week Ed Participation

Education Council to organise a panel discussion regarding cuts to the university and how this has impacted staff and students.

SPG Reform

The current system is somewhat opaque and the process for appealing is not currently formalised. We hope to make this system more streamlined in collaboration with SOC.

International Student Reps for FacSocs

The job description for International Student Rep is vague. FacSocs seem to be filling the 'space' in the committee, but the role needs redefining to increase engagement.

SUMMARY

This month, we have engaged with the UWA community at several events. We participated at 'Global Village' and the 'Harmony Week stalls'. In addition, we are co-hosting the European film festival with the UWA Film Society and four cultural Clubs. We also commenced working on one of our biggest projects, the 'You Can't Ask That!' video series. Our Committee has been tremendous and passionate, with everyone suggesting ideas and engaging events. Our advocacy-focussed content has also been prominent, with different issues being highlighted on our socials. We continue to advocate for all refugees, as the Western media's hypocrisy shown in the Ukraine crisis has uncovered a double standard. This report will outline the projects we are currently working on.

PROJECT UPDATES

YCAT! Video Series

The 'You Can't Ask That!' video series is a project where a certain group of individuals from the same cultural group/ethnicity/religion are asked questions that students usually would not ask a person belonging to that group, and this helps break down the stigma and perception of certain groups. It is an informative platform where students can learn from others and educate themselves on topics they may not have come across otherwise. We had our first filming session in collaboration with the Pakistani Society last week.

Community Catch-ups

We are looking to host engaging catch-ups with the CaLD community to hear about issues they are passionate about, whether it's their stigmas surrounding their cultural backgrounds or a global issue they are passionate about. We are reaching out to several cultural Clubs around campus to gauge their interest in collaborating for such events.

World Crises Highlight

Working with our Campaigns & Marketing Directors, we have scheduled a series of issues happening around the world which we will highlight. We aim to raise awareness about several crises occurring around the world, which tend to be overlooked by the Western media. We have posted a piece on Ukraine and another on Ethiopia. There are several more upcoming.

Open-Air Iftaar

With Ramadan coming up, we have been in talks with the Muslim Students' Association (MSA) to host an Iftaar for UWA students on the 14th of April. Iftaar is the meal where Muslims who are fasting break their fast, at sunset. We have communicated with the Events team and UWA Sport for venues, and we have decided to host it on Riley Oval. Registrations are compulsory for Covid-19 tracking, and it will be free. The event welcomes all UWA students to attend.

PROJECT UPDATE

Meet N Greet

A social event that was organised by the Social Sub Department of ISD to welcome all newly arrived international students on campus. We had a turnout of about 85 students, which was fantastic. ISD received a lot of positive feedback from the event.

Situation in Ukraine

I reached out to the UWA International Student Support office asking whether there were any international students from either Ukraine or Russia who was affected by the current situation. They replied, saying there are a few international students from the region, who has already been reached out to and been offered support by the University. The University refrained from giving me any details of these students due to privacy issues but did guarantee that information about the Guild and Student Assist will be given to them.

Vision Board Event

A vision board event was organised by the Welfare Sub Department of ISD, aiming at all the new international students on campus. The event was held in the Tropical Grove and there was a good turnout.

Welfare Inforgraphics

The Welfare Sub – Department of ISD posted a series of infographics to help international students settle down faster here in Perth. These infographics covered multiple topics, which included;

1. How to get your Smart Rider
2. How to get your WA Vaccination Certificate
3. How to get your WA photo card
4. How to set up a My Gov Account & TFN
5. Know your Work rights

This was well received by the students.

Edu Inforgraphics

The Education Sub Department came up with a series of infographics that focused on the academic, welfare, and professional development resources available on campus. This was well received as well. Some of the resources the infographics covered were;

1. Study Smarter
2. Guild Student Assist
3. Careers and Employability Office
4. One Search

Work Rights Event

ISD held the Work Rights Workshop for students, which focused around on things like.

1. What are the basic work rights of international students?
2. What you can do if you are been underpaid at your casual job

There was a good turnout and most of the students who attended found it useful.

Sponsorship Offer

ISD has been able to bring a potential sponsorship to the Guild. The company name is Kings Bridge Australia, a migration company here in Perth. I have managed to put the company and Caitlin in contact.

Recruitment of Ordinary Committee Members

The second round of recruitment of OCMs will be starting this week. We received an overwhelming amount of 54 applications for about 12 vacant positions.

Future Events

Cocktail Night

ISD is planning to have a cocktail night at the end of April. The event is mainly catered to international students. The plan is still in its initial stages, more information about it will be given in next month's report.

Sports Carnival

During the Mid Sem Break, ISD will be collaborating with UWA Sports to hold a sports festival for international students at the James Oval. Right now, we are waiting for UWA Sports to get back to us with a detailed plan of the event.

Weekly Connect

In discussions with the UWA International Students to collaborate with their international students' Weekly Connect at Shenton House. Weekly connect is an initiative, that involves creating a platform for all international students to get together every week, to make connections and have a break from all their studies.

Screw Week

Working with the Guild's Events team to organise a Quiz Night for one of the days of the Screw Week.

SUMMARY

In the month since the last Council meeting, I have been primarily focused on preparing UDUB Radio for its Station launch, as well as organising some Tenancy matters.

MEETINGS ATTENDED

Date	Meeting	Purpose
24/2/2022	UDUB Committee meeting	Planning for O-Day stall
8/3/2022	Guild Councillor Training with Tony	Training student representatives on operational matters
17/3/2022	UDUB Radio executive meeting	Discussing plans for launch
23/3/2022	Tenancy Committee meeting	Discussing tenancy matters
23/3/2022	Email correspondence with departments and clubs	Separate conversations with Women's Department, Science Union, and the UWA Pantomime Society regarding tenancy allocations.

PROJECT UPDATE

UDUB Radio

This month, I have been making a lot of progress with getting the Station ready for launch. With the help of my executive team, we now have a far more detailed plan of the weeks leading up to our launch, which will ideally be the week following the Easter long weekend. All of our equipment has arrived, and once a few tenancy reallocations have been completed, we will be able to set up our studio equipment. I have also scheduled several meetings with committee members, Pelican, and Guild staff for further planning and preparation for launch. I am excited to discuss UDUB Radio's (hopefully very successful) launch in my student report next month!

Tenancy

This month, I have been making progress with Tenancy despite there not being a whole lot of ongoing work for the committee to do. I have finalised a partial reallocation of a few clubrooms to optimise the usability of a few department and clubrooms, and the moving process is projected to be completed sometime in the next 2 weeks. Other than this, the vast majority of my work as Tenancy Chair has been corresponding with clubs and societies who will often contact me with questions about various tenancy matters.

ACHIEVEMENTS

- All UDUB studio equipment has arrived
 - Held a successful stall for UDUB at O-Day
 - Developed a comprehensive plan for UDUB launch
 - Met with Tenancy committee and made future plans
 - Successfully processed Tenancy changes

15 th March 2022	Corporate Services Committee Meeting – March	To review ICT updates, finance updates and screen installations at the Guild Lobby.
15 th March 2022	Scholarship Meeting with Geemal and Aidan	To kick-off the discussion of my new OGC project.
16 th March 2022	Academic Board Meeting – March	Agenda items discussed after Academic Board Induction.
21 st March 2022	BOS – Management and Commerce	Discussion of undergraduate course and curriculum.
29 th March 2022	Strategic Resources Committee Meeting – March	To review the Guild Masterplan, update on finances, discuss 2021 audited accounts, discuss Business Case, and review COVID-19 update.

Projects Update

UWA's "Hack-A-Thon" (in collaboration with UWA Faculty Societies)

After a lot of consideration, I have decided to terminate this project. I have consulted with Aidan Mansfield who is on board with this. Due to COVID-19, logistically it was difficult to implement this project this semester and thus, we will re-evaluate next semester.

Underprivileged Students Scholarship

Since the termination of the "Hack-a-thon" project, I wanted to kick-off with a new project. I want to start a new initiative to offer a scholarship to underprivileged students in collaboration with a charitable organisation which provides accommodation and resources for these students. I am in the process of contacting Sandra De Freitas who is the Manager for UWA Scholarships.

Parking Improvements

I have reached out to Narendra Gammanpila (General Secretary) to assist him with his plan in improving parking and establishing a long-term plan of getting sensors to improve the parking experience for students and staff. I will continue to support and work with him on this engagement throughout the year. The proposal for this project is currently being finalised.

SUMMARY

Sadly, Farran resigned as Pride Co-officer on Feb 26, and no one has been officially appointed yet to fill the position. This last month has been a challenge for me as I have been adjusting to being sole Pride Officer and working to get the Pride Department back on track, while keeping up with the necessary day to day needs of the department. I have been focusing on getting our committee to fall into a rhythm, getting the Pride room ready to be reopened, booking in our major upcoming events, and getting the ball rolling on some of our projects for the year.

PROJECT UPDATE

Safer bathroom access for queer students

Safe and dignified access to bathrooms is a daily struggle for trans, non-binary, genderqueer, and other people who don't conform to sex and gender stereotypes everywhere, including at UWA. This is sadly, in large, a cultural issue, however we want to try to implement a few initiatives that that could improve the situation.

- Stickers with an inclusive message put up in all campus bathrooms (based on the NUS's 'We All Need to Pee' campaign), with a long-term maintenance and promotion strategy.
- Creating resources and information on the topic of bathroom access, and improving reporting options for affected students
- Creating a user friendly and easily accessible map of all gender neutral and/or single stall bathrooms across campus
- Recommendations for bathroom signage for events

I've had discussions with the UWA LGBTIQ+ Working Group on how to implement the sticker initiative to ensure its long-term success and have decided the best option is take the slow action route and jump through all the necessarily bureaucratic hoops first (which is where we're at now).

Non Binary Representation and Inclusion

Chloe and I have discussed the need for a review on how non binary students are represented through the Women's Department and the Pride Department, and changes to how non binary people are included in women's spaces. I'm organising a non binary student 'focus group' to discuss these potential changes.

Reporting Exclusionary Behaviour

Chloe and I have discussed the need for a better reporting system for exclusionary behaviour (when it is within the Guild's domain) as there is currently no clearly established way to do this. We're planning to create a reporting system that 1) is clearly explained and easily accessible 2) allows students to make reports about department/club executives to a separate third party 3) results in appropriate action when necessary (e.g. mandatory training for department/club execs).

Trans Day of Visibility

We've organised a zine workshop for trans and gender diverse students in celebration of TDOV, and promoting a TDOV rally. Discussions within committee on how to celebrate/acknowledge this day without being tokenistic will be a good blueprint for how we will acknowledge LGBTQIA+ days of significance that come up throughout the year.

SCREW Week

For SCREW Week, we are hosting a Queer Sex Ed workshop with SHQ, creating LGBTQIA+ SCREW themed resource packs, and posting a series of fun informative graphics on our social media.

Pride Common Room

We've put a lot of work into the Pride room this month. The room has been long overdue for a deep clean and general update; it was cluttered, visibly dirty, etc, and generally not very inviting as a queer space. So far we have done:

- Several rounds of decluttering and reorganising
- Gotten rid of all the existing furniture (thrown out what was irredeemable) and are in the process of getting new furniture that's more functional and more suited to the space e.g. leather couches that can be cleaned more frequently/easily than fabric
- Deep cleaning all doors/windows and everything that's not being thrown out since most of it is rather grimy
- Prepared the walls to be repainted – removing wall fixtures, stripping multiple layers of all paint off, patching up holes and cracks, sanding down unevenness, thoroughly cleaning the surfaces, and adding a coat of primer. This was necessary since the old paint was peeling, so just painting over the top of it would be a poor decision.
- Had the carpets professionally cleaned (the room no longer smells of crusty sock)
- Thankfully, the cockroaches have relocated of their own free will.

This has been a very labour-intensive process, and a relatively big hit to our budget despite DIYing most of it. Over the next week we'll be repainting the walls, moving in new furniture, redecorating, restocking all room consumables and amenities, and moving all of Pride's stuff back in. I really look forward to finishing work on the room and opening it again for general student access.

FINANCES

This month's expenses will be included in next month's report.

ACHIEVEMENTS

- Successfully made it through O-Week
- Growing our online community on Discord
- Establishing committee structure slowly but surely

MARCH 2022

GUILD COUNCIL REPORT

Max Beard – PSA President

SUMMARY

This report includes the activities of Postgraduate Students' Association (PSA) over the two months of February and March. This is a result of the March report not being submitted due to Covid-19 side effects.

Over February, the PSA was focused on preparing for its O-Day stall activities or UWA Open Day, however the latter was subsequently moved to an online only event by the University. PSA Committee was able to host its March PSA Connect networking event during the current Covid restriction climate, however the venue was required to be moved to the UWA Tavern and our attendance was limited to the 150-person restriction applied by the Western Australian Government. The PSA Committee continued its efforts to minimise its environmental impact generated by its networking event wastage.

The social subcommittee has entered the planning stage for our Research Week events, as well as our end of year Gala/Ball. PSA has been in discussion with the Council of Australian Postgraduates (CAPA), the national representative body for postgraduates, regarding state and national lobbying for a change to the Research and Training Program (RTP) scholarships provided by the Australian Government.

PROJECT UPDATES

PSA March Connect

Held PSA Connect on 17th of March at the UWA Tavern. Logistically difficult as a result of many venue changes due to Covid restrictions. However, overall success with over 150 Postgraduates attending over the course of the evening.

O-Day

PSA had a stall at ODay for newly commencing postgraduate students to interact with. More postgraduates were in attendance of ODay than the committee had expected, and the event was considered an overall success. PSA also gave it plenty of our new merchandise and informed them of our future events.

Pharmacy and Audiology workshop grant

PSA has finalised the grant now available to the Clinical Audiology students for their tinnitus workshop event.

DPLA Dentistry Grants

PSA education portfolio has arranged a sundry income of \$1.1k from the Dental Protection Agency to fund our dental student placement grants for this semester. Dental students are required to do placement as part of their degrees, often in regional areas. This can prevent them from working their usual jobs at the same. The grants were awarded based off an application process and overseen by the PSA President, HMS Coursework Representative and DPLA.

CAPA and WA Postgraduate Bodies

PSA is in discussion with CAPA regarding a national push to advocate for the amendment of the Australian Government provided RTP Scholarships for PhD candidates. PSA has joined forces with the postgraduate representative body at Curtin University, the Postgraduate Students' Committee (PSC) to create a state level.

It can be seen that we are below the YTD expected expenses. This is mostly due to the CAPA affiliation fee being charged later this year and the March PSA Connect expenses that are yet to be charged to account (due to being a reimbursement). We also received \$1,100 in Sundry Income as a result of funding received from DPLA for dental student placement grants, as previously mentioned.

PROJECT UPDATE

IWD Event

Event was held online due to original restrictions to 10 people for all guild and club events. The event had low attendance though some interesting discussions with a few engaged students.

SCREW Week

For the week 6 theme week the Women’s Department are running ‘Consent Cupcakes’. This event has been run by the department in the past. It is a friendly stall for students come up in pairs and practice consent in decorating each other’s cupcakes. There is also an option for individuals. We are also working on a Bystander Training which students can enrol in on Thursday or Friday from Emma Hawkins.

End the Violence Week

This week will be running again in 2022 to raise awareness and support those with lived experience. The tentative week is week 8. We are planning a Panel Discussion with those in relevant organisations, a *Damsel* conversation event and more.

Soroptimist International Event

This event is occurring in April. It is a Public Speaking competition for women. I have met with the SI representatives and connected them with an adjudicator.

Women and Non-binary Gym Series

This was run by Sports and UWA Sport last year and we are getting involved this year. I have met with Joseph and one of his committee members is meeting with UWA Sport. Hoping to add in a Sundowner event at either the beginning or end of the series for a social aspect.

Exclusionary Behaviour in Guild Reporting System

Paris and I are planning to create an avenue for students to report poor behaviour from their Guild Department as currently their options are to approach that department's executive or go to Amitabh. I am in talks with Jenny Ophel to help with this.

Reviewing representation for non-binary students

Paris and I have been working on this. Paris is creating a group of students to discuss their opinions and we are meeting with Ami to discuss change processes.

NSSS Response

Have gained information on the Bystander and Response Training available to students to implement the requirement of Council to undergo this training (proposed in motion). Online campaign has started with posts planned for the coming weeks to support students. Plan for action in working groups and to engage student voices in these spaces.

Malaysia National University Project

We are planning an exciting collaboration with Universiti Kebangsaan Malaysia in September. A group of their students is coming to Perth to work on Leadership skills for Women and empowerment programs. We are in the process of having this program approved by the university.
