### SUMMARY

This month has been a relatively quiet month approaching the end of semester with exams and assessments. We've been focussing on the transition from the 109<sup>th</sup> Guild Council to the council by brainstorming several projects which we can begin to work in over the next month and handover to student representatives for next year.

## SUMMARY

*This month we have been focused on running end of semester events and updating the Access Department Regulations. To round the semester off, we had two successful events with WAMSS, Interhealth and GHSC! We also worked on updating the Access Department regulations to include international student representation within the department as well as introducing an Auslan Coordinator position to take care of running the Auslan Classes Program every semester. These regulations passed through governance, and will be taken to the September Guild Council and our Annual General Meeting for discussion.*

## MEETINGS ATTENDED

<i>Date</i>	<i>Meeting</i>	<i>Purpose</i>
03/10/2022	Access Committee Meeting	<i>In this meeting we discussed over disability sensitivity training, the progress of Auslan classes, and the rest of the projects and events we'd like to work on next year.</i>
07/10/2022	Student Life Student Reference Group	<i>This was the first meeting by the Student Life Student Reference Group. We discussed over roles, values, the membership of the group, and the work we'll be doing.</i>
12/10/2022	Meeting with Rashdina	<i>The purpose of this meeting was to update the Access Department rules. We added the Auslan Classes Coordinator and the International Students Access Collective Convenor.</i>
18/10/2022	Equity and Diversity Meeting	<i>We met with the new OCMs this meeting to discuss future projects. We mainly discussed changes to the Equity and Diversity constitution.</i>
20/10/2022	DAIWG Meeting	<i>In this meeting we discussed over the stressors of covid-19 and its impact on people with a disability, we gave an update on what the Access Department has been up to, and there was an update on the installation of medical waste bins projects.</i>
25/10/2022	Governance Meeting	<i>We met with the Governance Committee to discuss the Access Department rules</i>

## PROJECT UPDATE

### **'Sex without eyes and ears' Event**

This event was in partnership and lead by Western Australian Medical Student's Society (WAMSS) and Interhealth Sexual Reproductive Health. This event covered topics such as accessing sexual health education/information as a teenager, the unique experiences/challenges of sexuality and the challenges of accessing safe sexual healthcare for people with disabilities. It was an amazing event and all the attendees learn a lot!

## GHSC Discusses Disability Event

We partnered up with Global Health Short Course (GHSC) to run a panel discussion on explore the challenges, experiences, and barriers for people living with disabilities! One of the speakers at the event was our very own committee member, Mona, who did an amazing job as a panellist! Each speaker share their lived experiences with a disability, sharing advice from how they coped with education to the barriers of entering the workforce. We also discussed different ways to lead positive social changes in education, the workplace, different health sectors and community services. This was followed by a networking session with the speakers over pizza! Overall, this was a great event with a lot of engagement from the community!

## SUMMARY

In true UWA-fashion, I regret to report that management are once again seeking to lessen the opportunities for students on campus. With the proposed axing of SymbioticA and the UWA's woeful response to the student referendum on fossil fuel divestment, the need for student advocacy only grows. This could not come at a worse time, as most students are preparing for exams. It is our job to, as best we can, foster support for these campaigns.

As this report is intended for Guild Council, I would like to congratulate the new Education Council committee who were elected only yesterday. I hope that the inbound committees of all Guild departments and collectives will bolster our campaigns and bring energy to our final months on council.

## MEETINGS AND EVENTS ATTENDED

## PROJECT UPDATE

### **Creating an online portal for student x club interaction (DISCONTINUED)**

UEC have proposed that we develop an online space for students which is separate from social media platforms. UWA IT is somewhat onboard and would like to see a proposal. This matter will be taken to the postponed Education Council for further investigation.

## SUMMARY

July has proved very exciting in terms of the Guild's direction and momentum. A focus has been on how we can activate campus for Semester 2, hoping to restore campus culture to its former glory and create reasons for students to meet people and make friends outside of class. While I spent 2 weeks away on annual leave, Rashdina acted as President and her along with the exec made large inroads into a few of our larger projects.

We meet Semester 2 with optimism and are hopeful for a very successful period ahead.

## SUMMARY

This month was a great month for my department. We ran a few larger events and I was also able to put some more time into initiatives that I want to have in place before the end of my term. It was difficult to host our last event of the year and have our final committee meeting etc. but I am hopeful for the future of the department next year!

## MEETINGS ATTENDED

<i>Date</i>	<i>Meeting</i>	<i>Purpose</i>
30/09	Women's Cocktail Night	Lovely night with women from UWA. Nice to have a chance to socialise and get to know some more students.
04/10	Collegial Discussion on Divestment	Disappointing discussion with management however it was nice to see like-minded students in the room together.
06/10	Damsel Magazine Launch	This was absolutely one of my favourite events of the year. Very proud of the Damsel editors for putting together such a beautiful magazine. Was a wonderful night.
07/10	Student Life Reference Group	I was only able to attend part of this meeting due to my work schedule but it seems like a great initiative and I am looking forward to see work from the committee in the future.
12/10	Climate Divestment Protest	Although only a small protest I thought this was a very powerful event. Great speakers and great to be talking about these issues on campus.
12/10	Nicole – Defend Abortion Rights Perth	Met with Nicole to plan the upcoming rally for abortion rights in WA. Discussed organisation of the event including speakers and promotion.
18/10	Equity & Diversity Meeting	This was one of our most productive meetings this year. It was great to have Jenny with us and also our new OCMs on the committee.
19/10	Smash the Patriarchy event	This was a great final event for the year. We had a guest speaker from Breast Cancer Care WA. Great to hear from them and fundraise.
19/10	Nicole – Defend Abortion Rights Perth	Met with Nicole to confirm details of upcoming rally and to put up promotional posters around campus.
19/10	Department secretary	Met with Women's Department secretary to sort out some things with Guild Finance.

## PROJECT UPDATE

### Consent legislation petition/campaign

Working with a passionate student, Abigail, to gain traction around the issue of consent legislation in WA as it currently does not include anything surrounding intoxication of victims and how this affects ability to give consent. If anyone would like to help out with this, let me know! We have now created a poster to go on the digital boards.

### Non-binary representation

Hopefully will pass new regulations this evening and then get them through Women's at an SGM. Happy to almost have this finished.

### Guild Complaints Reporting Process

Waiting on notes from Paris to send to marketing.

### SCE Officer Initiative

Now in the process of putting into regulations.

### Abortion Rights Campaign

We have another upcoming protest to condemn a 'pro life' group meeting. Helping to organise this.

### We are Womxn Campaign

Working with local group to create a poster program for consent information and education around campus. They are creating the graphic while I am providing them with the information on UWA-specific details.

### Pharmacology Masters Project

A very different and exciting project. These students reached out to me and want to work with the department to create information services around a female health issue. We are currently surveying students to see where most knowledge is needed.
