SUMMARY

July has proved very exciting in terms of the Guild's direction and momentum. A focus has been on how we can activate campus for Semester 2, hoping to restore campus culture to its former glory and create reasons for students to meet people and make friends outside of class. While I spent 2 weeks away on annual leave, Rashdina acted as President and her along with the exec made large inroads into a few of our larger projects.

We meet Semester 2 with optimism and are hopeful for a very successful period ahead.

SUMMARY

September was a month to be proud of. With a successful election out the way it was reassuring to see the new election regs coming into play and helping improve the overall election experience. The past 2 months have been improving financially, with more and more students on campus and this is reflected in improving performances of outlets.

There has been an incredible reception to the campus is okay initiative which has proven to liven up hotspots around campus. The next stop will be snow cones so that is something to look forward too. This coming month, I will be undertaking a budget review of all departments and highlighting areas for departments to “utilise funds”, alongside pushing for the reduction of the fee for academic transcripts, and potentially running a campus is okay initiative at the QE2 campus.

Looking forward to the month ahead.

PROJECT UPDATE

Not Yet Started

Nil

In Progress

Removal of the fee to access academic transcripts

I am looking into reducing the fee associated with getting an academic transcript. Will update the council on the outcome of this.

Parking Improvements

We have determined the best way forward is working alongside Trevor and Craig who are apart of University Parking group and are awaiting the formation of the Parking Reference Group. From there, we

will discuss improvements to parking that include introduction of online parking (i.e. similar to cellopark app), reallocation of underutilised bays and reallocation of red bays after hours)

Sponsorship Committee

Our mission of getting better sponsors for UWA Guild & clubs is underway. The sponsorship committee has been formed and a goal setting meeting took place. Aidan and I are still currently working on the Guild prospectus before we have a larger committee meeting to tackle the remaining tasks.

Improvements to QE2 campus

Looking to run a survey within the medical and dental school and see what improvements can be made to the student experience on these campuses. Hoping to introduce more shaded areas and longer outlet opening hours. Have contacted Caitlin in creating a survey and are in the process of developing the questions.

Perth Wildcats x UWA Student Guild

Looking to develop a working relationship with the Perth Wildcats, and hoping to bring them to campus on semester 2 to increase student engagement. Have had a few initial phone calls and meetings with wildcats executives and will be looking to solidify some plans for semester 2 very soon.

Ceased

Producing Financial Material (temporarily ceased)

After discussions with the Guild Finance staff, we can confirm we are not allowed legally to produce financial material regarding SSAF. We will look at other means of increasing student's financial literacy.

Q-Pay Platform (Ceased)

Over the last 1.5 months, conversations have been had with Q-Pay with the prospect of bringing them on as the official UWA Ticketing Platform. However, given the current financial situation, it is unlikely we will be progressing further with this and will be looking at alternatives.

Completed

Ongoing Club overdrafts

Working with Guild Finance to chase up club overdrafts was still ongoing from 2021 due to not being delt with by the previous gen sec.. We have got in contact with the club and arranged a payment plan for the outstanding ~\$3k. No further actions required on this.

Campus Activation Semester 2

In collaboration with SOC, Welfare, Guild events and Prisha Goel, we have regular events to help activate campus. So far we have hosted free pizza, ice cream, bubble soccer with the intention to keep doing free food give aways such as snow cones and other activities. We are also in the process of creating stickers to give away too. Thank you to everyone that has helped thus far.

Guild Presents Garden Party ~~New End of Sem Guild Event~~

With the project proposal approved, we are proud to announce the latest club committee exclusive event. This was a cocktail night held at the grove, with drinks, food, entertainment and nice décor. It was a celebration and way to say “thank you” to clubs for making UWA what it is. (see some of the graphics I have designed!).

Bob Nicholson Renovations

Bob Nicholson Renovations are done. All the furniture has arrived and been built. The carpet has been cleaned and excess junk has been thrown away. Thank you to everyone for being so patient.

Policy Tracker

The policy tracker was created to keep the council accountable and help the public keep up to date with what’s happening. All the work has been done on my end and is now with Caitlin and the marketing team to get up on the website. In essence, this project is now wrapped up.

“Better Guild Committee” Meetings Training

The committee chair meeting took place on 22nd Tuesday Feb. We successfully upskilled all the committee chairs on how to run a Guild Committee efficiently and what their different responsibilities entail. Feedback from this meeting was positive and was described as useful.

PROJECT UPDATE

This Connection: UWA Student Art Exhibition

Opening night was on the 27/09/2022. The event was very well received with a turnout of over 60 people, the location worked out well because we had many walk-ins that happened to just be walking by.

The exhibit consists of the artworks from 8 students with very diverse backgrounds, and a centre collaborative art piece titled the 'Identi-tree' which was made by myself and the This Connect team. It is being in discussion that the collaborative art piece will be displayed in a part of the university. Exhibition guides had also been printed out and are free for people to take and keep.

The exhibition will be open until the 29th of September. The art exhibition initiative is being supported and funded by the UWA Hack for Connection.

SUMMARY

The Access Department did not hold any events this month. However, we have officially started our Auslan classes!

MEETINGS ATTENDED

<i>Date</i>	<i>Meeting</i>	<i>Purpose</i>
15/09/2022	Tenancy Meeting	Meet with Tenancy Chair and tenants to discuss any relevant issues. Lara asked if anyone needed a skip and Access will be needing one to dispose of some furniture.
19/09/2022	Access Executive Meeting	We met with our executive directors to give an update on Auslan classes and future events/campaigns. We discussed having a WA4HRA event and we will be collaborating with WAMSS sometime soon. We asked our executive team for any updates then discussed our expectations for the rest of the year and what projects they wanted to achieve.
20/09/2022	Equity and Diversity Meeting	This was a brief meeting to give updates. Chloe said that there is a lecturer using irrelevant and misogynistic content in their lectures. Amira echoed similar sentiment in that the weighting of grammar components is too high in a CITS unit for an ESL student. Access had a similar situation in which a unit coordinator is demanding that students keep their cameras on during meetings and was sending passive aggressive emails.

PROJECT UPDATE

Auslan Classes

Auslan classes are underway. We had over 70 people apply and so the decision-making process was difficult and very selective. We could only accommodate 22 students and so, we are organising funding for next year to ensure the longevity of the program. We would like to thank Samantha from MASA for pledging \$790 towards the programming which has allowed us to fund 2 more students! Thank you, Samantha!

Invisible Disabilities Week

We are in the process of planning a social media campaign for *Invisible Disabilities Week* (16-22 October). This will likely take the form of anonymous submissions from students with a lived experience.

SUMMARY

This month has been unique. The most pressing issue for Education Council is the Review of Academic Board. After several consultation sessions and input from many members of Academic Board, several recommendations have been made. Although the UWA Student Guild supports many of the recommendations, we successfully opposed Recommendation 1 which sought to remove all non-Senate student representatives from Academic Board. This would have been a catastrophic step backwards for student advocacy.

The review process continues and I am optimistic that, if we continue to fight, we will be successful in preserving our place in the governance structure of the university - a right that is afforded to very few student unions across Australia.

MEETINGS AND EVENTS ATTENDED

<i>Date</i>	<i>Meeting</i>	<i>Purpose</i>
1/09/22	Review of Academic Board Session	Insisted that students should remain on Academic Board.
6/09/22	SAWP: Student Transition Working Group	Gave feedback on UWA Orientation Services.
8/09/22	Meeting with Ed Treasurer	Discussed SPGs for Semester 2.
8/09/22	NTEU Sundowner	Met with staff of UWA NTEU Branch.
18/09/22	Meeting with Ed Treasurer	Final allocation for SPGs Semester 2.
21/09/22	Academic Board	Successfully argued that student representatives should remain on the board.

PROJECT UPDATE

Creating an online portal for student x club interaction (DISCONTINUED)

UEC have proposed that we develop an online space for students which is separate from social media platforms. UWA IT is somewhat onboard and would like to see a proposal. This matter will be taken to the postponed Education Council for further investigation.

SUMMARY

Since the past Guild Council, we had our first Chat & Chai initiative in collaboration with the Palestinian Cultural Society of UWA. We have had a few smaller scale informal meetings with committee members as well as some cultural clubs.

MEETINGS ATTENDED

Date	Meeting	Purpose
01/09/2022	Chat & Chai Event	Our first Chat & Chai event conducted in collaboration with PCSU UWA
02/08/2022	Meet up with ASU Committee	Discussion with ASU committee on upcoming collaboration for Afro Beats event
04/08/2022	Equity & Diversity Meeting	Monthly equity & diversity meeting to update committee on projects and activities.

PROJECT UPDATES

Chat & Chai

The Chat & Chai is a very laid back event where we collaborate with another cultural club on campus for CALD students at UWA. We meet up with cultural students while serving tea and discuss any struggles, interests and passions that students may have on campus.

YCAT! Video Series

The 'You Can't Ask That!' video series is a project where a certain group of individuals from the same cultural group/ethnicity/religion are asked questions that students usually would not ask a person belonging to that group, and this helps break down the stigma and perception of certain groups. It is an informative platform where students can learn from others and educate themselves on topics they may not have come across otherwise. We have filmed with the Pakistani Society, the Filipino-Australian Society, and most recently with the Sri-Lankan Australian Youth Association.

Community Catch-ups

We are looking to host engaging catch-ups with the CaLD community to hear about issues they are passionate about, whether it's their stigmas surrounding their cultural backgrounds or a global issue they are passionate about. We have reached out to every cultural Club on campus to gauge their interest in collaborating for such events. So far, we have met with the Malaysian Cultural Society, the Italian Club, the Greek Club, the Persian Club, the Palestinian Cultural Society of UWA (PCSUWA), and a Guild Department, WASAC. The first Chat and Chai will be hosted with the PCSUWA on 01/09.

Cultural Calendar

We worked on creating an online cultural calendar, containing a spread of all the cultural and religious dates that represent the diversity of students we have on campus. Several holidays were removed from the Guild diary, so we thought it would be appropriate to continue providing students with a platform to celebrate and acknowledge their

holidays. This will be posted on the Guild website in an accessible portal too after consulting with Caitlin. Everything has been sent to Caitlin and will be posted soon.

Medical Centre Document Translation

This project has sprung from our monthly CaLD WG meetings, where we will work alongside staff from the WG and the Medical Centre to translate some documents for patients who speak English as a second language. We have secured some funding but are awaiting confirmation for collaborating partners.

Social Media Advocacy

This has been posted all year with issues from around the world such as Venezuela, and Sri Lanka most recently. There is more to come.

Community Links

This project is our newest initiative which aims to connect UWA students to external communities in WA, a portal which will contain a list of resources from communities around WA for students to be involved with. Some students feel intimidated joining societies at Uni, so this provides another avenue for students to be involved and meet people from their culture or from other cultures too. We discussed this initiative with the CaLD WG and they are happy to help us with it too.

SUMMARY

It's been a quite month for ISD, but it is important to note that we managed to preserve our voice on the Academic Board, which is the highest governing body of the education in the university. The efforts of the current Ed Council President and the Guild President must be noted as they put up a very good argument to make sure ISD and the rest of the student reps (excluding the Guild President and the PSA President) do not get kicked out of the Academic Board. The fight is not over yet, ISD and the rest of the student reps on the Board will continue to fight and will do our best to preserve the student voice on the Academic Board.

MEETINGS ATTENDED

Date	Meeting	Purpose
21/09/2022	<i>Academic Board</i>	Discussed the exclusion of student reps and other academic staff members from the board. A vote of 17 for, and 34 against this motion, made it impossible for the university to go ahead with it.

PROJECT UPDATE

Situation in Pakistan

Requested the university to reach out to all Pakistan international students and provide them with the necessary resources. Also, organised a welfare event alongside the Pakistani Society and the international student support for all Pakistani students. Had a good turnout.

Lighthouse Magazine

The magazine was released to the students on 16th of September. It was well received by students. The efforts of Abhishek Dey (ISD VP) and Ziyi Kee (Lighthouse editor) must be noted and given credit for.

Situation in Iran

Contacted the International Student Support office, and they mentioned that there are 165 odd Iranian students on campus (both domestic and international students). ISD will be contacting the Persian Club on campus in the next couple of days. A solidarity event will be organised at Shenton House on the 5th of October from 1pm -3pm.

UWA College Guild Orientation

Welcomed the new batch of students of the UWA College and gave them all a tour of the Guild Present and informed about the services we provide.

This position, Safe Clubs and Events Officer (SCE Officer) is launching this month in a trial format.

Major Event Grant – Due to the damage COVID-19 has done to campus culture during sem 1 (covid regulations made hosting social events virtually impossible during prime time event hosting season), SOC is creating a major event grant to bring major event events back to campus, this is also launching this month.

Banana Social - We are collaborating with Banana Social to bring them back to campus for a tav show, this in theory will bring more people to the show, while also costing the guild far less and potentially making us a profit.

Club Carnival – Club Carnival is coming up this month, SOC is bringing in some external promotion agencies to set up activation stalls in the hope of bringing more students to club carnival.

Free gym memberships for Presidents – SOC is making progress on an initiative to give Club Presidents a free gym membership for their term.

SUMMARY

This month was a good steady month for my Department. Things did slow down slightly around election time as the efforts and focus of multiple committee members were redirected. Still, we were able to run a couple of events and focus on some of the initiatives we have been running throughout the year. I tried to use this month to also reach out to all of my committee members to see whether there are any projects they would like to start organising before our year comes to an end!

MEETINGS ATTENDED

<i>Date</i>	<i>Meeting</i>	<i>Purpose</i>
02/09	Women's Department committee meeting	Met with my full committee to do a general check-in and run over events coming up for the department.
06/09	We Are Womxn executives	Met with representatives from We Are Womxn organisation to discuss a collaboration for consent information and education on campus. Exciting developments.
07/09	UWU Strike	Attended the strike of Early Childhood Educators. This was a very inspiring event and was a privilege to hear from these workers and their experiences.
07/09	SCE Training	Had an SCE Officer training for the new position. We hosted multiple of these sessions for students to attend when they could. Went well.
07/09	Department Secretary	Met with my department secretary, Louise to discuss finances and sort a few things out for upcoming event.
20/09	Equity & Diversity Committee	Had a meeting with this committee. We had quite low attendance, so we weren't able to go through a couple of the points we wished to. We had secured two OCMs for this committee however.
23/09	Women's Department Committee meeting	Met with committee again to discuss progress on events coming up and set out a clear plan for the remainder of the year. Attendance was quite low but still productive.

PROJECT UPDATE

Consent legislation petition/campaign

Working with a passionate student, Abigail, to gain traction around the issue of consent legislation in WA as it currently does not include anything surrounding intoxication of victims and how this affects ability to give consent. If anyone would like to help out with this, let me know! We have now created a poster to go on the digital boards.

Non-binary representation

Have made some additional adjustments to make to the Women's regulations in other areas, now to be approved by Governance at next meeting with relevant changes.

Guild Complaints Reporting Process

Happy to discuss this further with anyone who is interested. Paris and I are planning to hopefully make some adjustments to the website on the discrimination page and outline students' options.

SCE Officer Initiative

All trainings are completed now so we are working on day to day things. Going well so far I would say (positive feedback).

Abortion Rights Campaign

We have another upcoming protest to condemn a 'pro life' group meeting. Helping to organise this.

We are Womxn Campaign

Working with local group to create a poster program for consent information and education around campus. They are creating the graphic while I am providing them with the information on UWA-specific details.

Pharmacology Masters Project

A very different and exciting project. These students reached out to me and want to work with the department to create information services around a female health issue. We are currently surveying students to see where most knowledge is needed.
