Food for Fines

HUGE SUCCESS! The Food for Fines reel is now the most-viewed Guild video ever! The rollout has been fantastic, with plenty of positive feedback. We'll find out the uptake numbers later this month, but overall the response has been strong. UniPark has also been supportive, making sure flyers go out with tickets so students and staff know how to get involved.

The only challenge we're working on is that some donations aren't matching what the Food Pantry actually needs. This is always a risk with physical donations compared to money donations. Unfortunately, the Guild can't take direct payments due to licensing restrictions, but we're working with IGA on pre-set donation packages to make sure the right food gets through.

Thanks to the big increase in donations, we've also been able to lift the weekly limit from 3 items to 4 for students accessing the Food Pantry.

Club rooms and campus management

Still monitoring this space and seeing if with the masterplan we can secure more club rooms to rely less on the university.

Period product dispensers

DONE

Period product dispensers in all 5 libraries - AMAZING

Academic policy

The university has taken on our recommendation and are currently looking into it through their systems.

50% cap on final exams

- Considered a reasonable proposal; will be raised in the Assessment Review Working Group.

Practice exam papers for first-year units

- Also considered reasonable; will be raised in the same group.

Final exam mark released to students

- Some logistical challenges due to current systems, but will be explored further.

Centralised platform for assessment marks

- To be raised in the Digital Student Experience Project.

5-day simple extension

- A briefing paper has been prepared (thanks to Jay!) and sent for review.
- Feedback is to wait for the EVA policy rollout before moving forward, to avoid overlap.

Free academic transcripts

DONE

- Secured for students upon graduation (comm rollout in progress).
- Secured for BPhil exchange students (as it's mandatory for their program).
- Working on access for 3rd year students applying for grad roles – flagged as logistically challenging.

Ezone 24/7

MEETINGS ATTENDED

PROJECT UPDATE

FROM THIS LINE BELOW: SAME AS OTHER MONTHS

Golden Ticket

ALMOST DONE

- Over 1000+ golden tickets have been distributed for sem 2
- Hopefully this has encouraged more midyear club sign ups

Free essential items in Guild Student Centre

ALMOST DONE

- Packs are available, majority have been given out via the food pantry.
- Some are available in through the living room for students that may need it
 - Security on campus have also been given a few to give to students who they might find living on campus.
- We will continue to monitor and roll out more or make adjustments as we see fit/ as more feedback comes through.

Student Initiative Portal

IN PROGRESS

- A way for student to submit suggestions to the guild and the guild to find out more about what students want, will be easy and anonymous to use.
 - Helps eliminate when students aren't sure where to go for an idea and then when the opportunity does arise for them to say, they forget or 'put on the spot'
 - Easy way to connect guild and students.
- Initial discussions with Chloe Bull have happened and been productive.
- A pilot of this form will be launched using Microsoft forms to gauge interest with students.
 - This should happen in the next few weeks
 - If enough engagement is received through the form, a more dedicated portal can be set up in the future.

Completed the Tapestry event!!

Multicultural Art Showcase

UWA is a melting pot of different culture and artists looking for a platform to present them. A multimodal art showcase encourages talented students to continue practicing and performing their art.

Organise an art showcase on the campus allowing students to display different forms of art and allowing them to access this diversity on campus. Possible collaboration with Akshata Jois as it is modelled after her project 'Kriti Collective 2024'

Tapestry – Honour the Past, Celebrate the Now and Inspire the Future, A Multicultural showcase was a big and beautiful success! Thank you to ISD, Ethno and the Guild for your support in this event. We had over 200 attendees and raised over \$2000 for the Association of Culturally Appropriate Services (AfCAS). AfCAS works with seniors from CaLD (Culturally and Linguistically Diverse) community, to ensure that they get culturally appropriate care in their old age.

They also conduct workshops to support carers to provide support to seniors with dementia. Dementia can cause individuals to revert to their mother tongue, and for older migrants in Australia, this can lead to challenges in communication and access to care. By raising awareness, we can work towards more inclusive and culturally sensitive support. The money we have raised will give them the resources and standing to give back to our community and support those who need extra care in the society.

The event was a beautiful melting pot of different cultures. We had a lovely Italian choir of seniors living with dementia, a Chinese orchestra and dance team, a Flamenco team and an Indian dance group and

band perform. Everyone left with a full heart (and stomach 😊) and a deeper connection formed through cultures from all over the world.

Thank you so much for everyone involved. Special thanks to Selina, Rei, Archit and your committees. Thank you very very much! Please enjoy some photos from the event attached below.

SUMMARY

September has been a big month for the climate movement – with Woodside’s North West Shelf extension gaining the final tick of approval from Environment Minister, Murray Watt and the National Climate Risk assessment emerging days before the Labor government set mediocre 2035 climate targets. However, there is some positives, with Exmouth Gulf being declared a marine park.

This month, the Environment Department ran our Ball Boutique Op Shop, raising \$2,000 for Bindaring and Solaris Cancer Care! We also hosted a Nature Walk and Painting event, which saw around 40 students gather for a lovely morning. I also had the opportunity to develop my climate advocacy skills at Australian Youth Climate Coalition’s WA Training Weekend.

Huge congrats to Ruby for organising the Survivor Art Exhibition. It was an emotional but moving evening. It is essential these issues are brought to light.

PROJECT UPDATE

Events ran this month:

Pop-Up Op Shop – Ball Boutique:

Enviro ran our last pop-up op shop of the year – the ball boutique! It was a great success, ran over 2 days with lots of students checking it out.

We estimate to have raised \$2,000 for Bindaring and Solaris Cancer Care, bringing our total for the year \$10,000 raised for charity.

Massive shoutout to Abi, the Op Shop Coordinator, and Lizzie for the massive amounts of time and effort they've put in throughout this year to make the op shop so successful. I look forward to seeing this initiative continue next year.

Nature Walk + Painting:

A lovely walk around Kings Park, followed by painting and a picnic. Really successful with around 40 students attending, and lots of beautiful artwork created. Thanks to UWA Craft Club, Zoology Club and Science Union for the collaboration.

Upcoming Events:

Corals Last Stand Film Screening:

The Environment Department is going to be screening the 'Corals Last Stand' documentary about Scott Reef and the impacts of Woodside's North West Shelf Project extension. We are collaborating with Science Union, SEEC, Oceans Institute Student Society and AYCC UWA.

Speakers:

- Paul Gamblin – CEO of Australian Marine Conservation Society
- Kate Chaney – Member of Parliament for Curtin
- Jemima Williamson-Wong – Councillor for Coastal Ward of City of Fremantle, former leader of AYCC WA and environmental advocate
- Gerard Mazza – Campaigner for Conservation Council of WA

We have received a Making a Difference grant from UWA for this event which will be really helpful to make it bigger and better!

Understanding Environmental Policy – Containers for Change:

In collaboration with Science Union, Arts Union and SNAGS, we will be running a workshop featuring Ross Belton, former Principle Policy Advisor for the Environment Minister, and key advocator for the Containers for Change scheme.

Sustainable Transport Skate and Brekkie:

In collaboration with the UWA Rollerblading Club, Enviro will be hosting a skate and breakfast. We ran one last semester and Rollerblading had their best turn out at a morning skate. We are hoping to make it an inclusive, fun environment for beginners to try rollerblading.

Project Update:

Containers for Change:

Organising a meeting with Containers for Change to discuss options to implementing a drop off point at UniHall.

UWA's 2030 Sustainability Strategy:

In the process of reviewing.

SUMMARY

This month we participated in a few collaborations, so our work mostly consisted of arranging and planning these events! The anti-racism forum was created in response to rising tensions in our community, and as student leaders we need to be actively trying to push against racism by listening to the voices of those impacted.

We had a successful Soccer World Cup event, bringing together various clubs for soccer games and a sausage sizzle – thanks to Rama, Ethan and Damien for your support!

We have also continued working on the Racism @ Uni campaign alongside other clubs and Razanne from Curtin Guild, putting out more campaign material online encouraging students to submit to the survey – this is really important so that students' voices are heard to inform support initiatives.

PROJECT UPDATE

Racism@Uni survey

ONGOING

- UPDATE: still pushing this survey through our social media.
- Met with Razanne (Curtin Student Guild Vice President of Sustainability and Welfare) to discuss the Racism@Uni survey (previously Respect@Uni) conducted by the Australian Human Rights Commission
- Met with the AHRC to voice our concerns and ensure an open dialogue that keeps students at the forefront of the study

Multifaith Prayer Rooms

ONGOING

- UPDATE: Have reached out to relevant staff to meet and discuss logistics for a space to be implemented by the end of the year but have not received a response.
- Have reached out to the Sikh Society, Baha'i Society, Hindu Yuva for initial consultation – the main feedback we've received is that clubs are looking for quiet spaces for prayer or meditation, free from specific religious symbols to ensure inclusivity
- Have reached out to Curtin Guild about their multifaith space and advice on establishing a similar space at UWA
- Heard updates from Lisa Goldacre during the CaLD WG meeting that they are researching the University of Toronto multifaith spaces and the Monash Campus Cohesion Research project
- Their main concerns are to do with student safety and mindful inclusion of all faiths

- Looking into having temporary multifaith spaces, particularly for minority faith clubs to hold regular events before permanent rooms are established.

Language Week 2025 COMPLETED

- Had a fantastic Language Workshop event, welcoming speakers from the Japanese Studies Society, Slavic Society, Malaysian Cultural Society, German Club and Sanskriti Society to give mini workshops on different languages!
- Also had a Book Club on the theme of 'Voice'

Reporting Racism Guide NO FURTHER UPDATES

- Identified an underreporting of incidents of discrimination around campus - working on a post outlining how students can report incidents of racism and discrimination directly to the university through the 'Reporting Inappropriate Behaviour' form
- Also working with PAC & PCS on a separate survey for reporting anti-Palestinian racism

PROJECT UPDATE

Ensuring UWA cuts its ties with Israeli institutions

It seems that the multiple stakeholder meetings that have been had with the university executive, whilst a step in the right direction, are ultimately at a functional standstill at the moment as the university has made it clear it is not willing to take the steps that Palestinian students, with the help of the Guild, have been advocating for.

ACHIEVEMENTS

- *A new microwave added to the med-dent library*

- *Food for fines is happening!*

If anyone has any ideas about how to fight back against the university's anti-Palestinian and undemocratic measures, I would love to hear it.

PROJECT UPDATE

Mirror Mirror on the Wall

IN PROGRESS – I checked in with the UWA Con to see if they had any further updates however they have not had any response when following up via email and their meeting was cancelled due to out of office reasons. I have discussed with the UWA Con their idea of donating an old piano to another area of the campus similar to the Refectory to support student wellbeing. More details to come upon further discussion of feasibility.

UDUB Run Club

IN PROGRESS – with school holidays the next two weeks I will be free in the morning to join the Run Club (in the lovely spring weather) and take some content for marketing purposes.

Ponytail Project

COMPLETE – see previous reports for details.

FINANCES

The total amount raised by the sausage sizzle was \$445. The total amount reimbursed for items was \$468.15. Unfortunately, an additional \$42 was spent for 96 rolls as I was offered 100 sausages at no extra cost the day prior to the event – however, these sausages were not brought on the day resulting in excess bread that could not be returned. This event was not designed in order to make a profit, I believe we achieved the goal of raising money for Cancer Council and supporting the focus of Daffodil Day.

SUMMARY

I have finished my special project for the year and have completed a lessons learned which is included in this report. Governance committee did not sit this month.

MEETINGS ATTENDED

No meetings attended.

PROJECT UPDATE

Guild debating event lessons learned:

- The Guild Debate Night was thoroughly enjoyed by all who attended, and much positive feedback was received. The Speaker's Union was grateful to be involved and all who were involved in organising are hopeful that the event can continue next year. Thanks to them and to Aimee Chan and PAC.
- The Tav is deemed to be the best location for the event as attendees can buy drinks and food, the space is adaptable, and the AV is very handy. Capacity is also appropriate.
- The event ran from 6-8.30, with the tables and chairs organised in a large, loose circle. It began with warmups which involved a host announcing a statement and the audience moving to different sides of the room depending on if they agreed or not.
- The main debate session involved 3 topics which were determined 2 weeks prior to the event so that speakers could register their interest to speak on the topic of their interest ahead of time. This allowed for the organisation of speakers to initiate the debate on each topic, preventing the awkwardness of asking for a volunteer to speak first.
- Speakers sat or stood at their table, taking turns to allow anyone to raise points, ask questions, or provide rebuttal as they wished. Debate was loosely moderated, with two hosts roaming to pass mics to those wanting to speak.
- Topic selection was an important consideration. It was determined that 50/50 topics would be the most engaging as they would inspire the most discussion. While certain topics risked degenerating into sensitive areas and where thus not included, all speakers engaged in positive and charitable debate, seeking to debate ideas without causing offence to those holding contrary opinions. With moderators able to step in in the case of transgression, it is believed that students are able to debate sensitive or controversial ideas, and that this practice is beneficial for those involved.
- It is stressed that the success of the event largely depends on the engagement of the topics. While avoiding cutting off speakers is good, moderators should encourage people to get their point across succinctly to allow debate to flow and for more people to get the chance to speak. Additionally, engaging with the PAC department and clubs such as The Speaker's Union is a great way to achieve advertising of the event.

PROJECT UPDATE

Expansion and Protection of Common Lunch Hour

- Thinking of reaching out to faculty societies to see how much of a problem common lunch hour classes this semester were to provide evidence to the university.

Cameron Hall Accessibility

- No updates.

Students for Sensible Drug Policy

- Students for Sensible Drug Policy (SSDP) is a national organisation trying to work for the government to implement more sensible policies around drugs.
- The organisation runs a program where student unions can purchase bulk drug testing kits at cost price and the organisation will also run workshops educating students on how to use them.
 - This is in place already at the University of Melbourne.
- In combination with Harm Reduction WA, we could also run workshops on teaching students how to party safe.
- I haven't had any further updates from SSDP or Nikhi recently about this project but now that university has resumed I plan to get onto this more.

DISCUSSION POINTS

I am feeling bittersweet as at this time of the year, as the election marks the beginning of a new chapter for the Guild, and the closing of my own. I could not be prouder of the President-elect, Oliver Barrett, and I extend my congratulations. I look forward to seeing all he achieves next year.

SUMMARY

The Council of Australian Postgraduate Associations (CAPA) convened its Special Council Meeting on 21 August 2025, alongside GradCon 2025 held at the University of Queensland (UQ) on 21–22 August. These events provided an opportunity to review CAPA’s financial position, governance reforms, and advocacy priorities, while also engaging in sector-wide discussions on higher degree research (HDR), cost-of-living challenges, international student issues, and the future of higher education.

DAY 1: THURSDAY 21 AUGUST 2025

Morning – CAPA Special Council Meeting

Agenda items included acknowledgement of country, financial review (Q2 2025 report), updates on ACNC registration and ABN issues, and the executive’s quarterly report.

Finance report: CAPA recorded a deficit of \$41,220 for Q2, with total expenses rising 74% from the previous quarter. Net assets remain stable at \$514,138, but operating costs outpaced income

Governance update: CAPA has progressed ACNC registration and cleared outstanding compliance obligations, strengthening transparency

Afternoon – GradCon Sessions

HDR Discussions: Issues raised included hot-desking at UniMelb/disparities in desk access, and reliance on cross-subsidisation of HDR funding. Inflation-linked stipends remain inadequate, with CAPA reaffirming its stance against taxing part-time students’ RTD stipend.

Future of Higher Education (A/Prof Ian Hardy): Explored systemic crises—financial reliance on international students, declining low-SES participation, and risks of caps (e.g., Canada saw a 35% drop in foreign students). Broader geopolitical context highlighted how migration and ethnonationalist politics shape student policy

Roundtable: Cost-of-Living & HDR Stipend: Stressed urgent need for stipend increases, drawing on Universities Australia’s report and CAPA’s pre-budget advocacy

NTEU Session: Discussed enterprise bargaining, postgraduate membership rights, and concerns about staff cuts (especially following university mergers) undermining education quality

DAY 2: FRIDAY 22 AUGUST 2025

Morning Sessions

University Governance (CAPA-led): The Department of Education is reviewing RTP scholarship guidelines, including leave provisions and grant allocation formulas, but without committing to higher stipend rates or tax relief. CAPA emphasised TEQSA’s requirements for student representation but noted gaps in postgraduate inclusion.

Afternoon Sessions

Resisting Commodification of International Students (A/Prof Ravinder Sidhu): Explored policy barriers including restrictive visa work hours (48 per fortnight) and rising visa fees. Noted Australia’s 730,000+

international students (Jan–May 2025) and risks of treating students as “revenue streams” rather than community members.

Significance of International Students (Marcus Chan, IDP): Focused on international students’ contributions to Australia’s economy, culture, and research output.

Roundtable of International Student Experience: Students raised concerns about fees, welfare, and visa insecurity. CAPA’s initiative to establish International Students Australia was discussed as a structural solution for representation

Closing Wrap-Up: Summarised advocacy priorities, including HDR stipend reform, paid placements, and protection of international student rights.

DISCUSSION POINTS

HDR Stipends & Research Productivity

Evidence shows a direct link between stipend increases and national research productivity. Advocacy must continue for stipends aligned to the minimum wage, alongside reforms to taxation of part-time HDRs.

International Student Representation

CAPA’s leadership in rebuilding a national voice for international students is a major step forward. The challenge remains ensuring independence, democratic governance, and sustainable funding for the new body.

Governance and Financial Accountability

Despite current deficits, CAPA is rebuilding trust through audits, compliance improvements, and ACNC registration. Continued diversification of funding, including grants, is essential to reduce reliance on member fees. UWA PSA will now have to decide what proportion of the affiliation fees we should pay for next year.

Future of Higher Education

Structural vulnerabilities (international dependence, declining domestic enrolments, staff casualisation) are sector-wide issues. CAPA can play a role in shaping policy responses, especially around equity and sustainable funding.

Advocacy Strategy

CAPA’s 2025 successes show the value of targeted campaigns (HELP threshold, beer tax freeze, gender-based violence code). The next phase must consolidate this momentum by tying postgraduate advocacy to national priorities like productivity, skills shortages, and equity.

SUMMARY

September has been a month of transition and preparation. We finalised plans for Battle of the Bands 2025, set for October 1st, and began preparations for our first IC Lawn Bowls event.

Following the unexpected departure of former President Libby Bailey, our Executive Team has been reshuffled: Brechto Bezuidenhout has stepped into the Presidency, with AJ Church elected as Vice President. We look forward to AJ's contributions in this new role.

Alongside these changes, the Department has continued to work closely with student leadership, college administration, and Guild staff to strengthen relationships and ensure effective planning for the semester ahead.

As we move into October, the Residential Students' Department is excited to deliver our flagship events and demonstrate our commitment to enriching the College Row experience.

PROJECT UPDATE

Semester 2

With the event date fast approaching, Battle of the Bands planning is nearly complete. Colleges' final song lists are confirmed, tickets have been released, and sales are already tracking well. Following the recent Executive Team reshuffle, the RSD Committee has made the difficult decision to cancel the Semester 2 IC Pool event. We see strong potential in this initiative and intend to pass it on for future committees to deliver.

In the meantime, we remain committed to providing an unforgettable Semester 2 experience. By reallocating funding, we are ensuring that both Battle of the Bands and our debut IC Lawn Bowls event will be bigger and better than ever in the coming month.

SUMMARY

September is over! And despite drowning in the work I need to do for my electrical engineering design project, I know there is still a lot to be done for my last 2 months on council.

While this month, alongside the other months this semester has seen lesser meetings, project work has been the main priority as SOC President.

I would also like to congratulate Jonothan Tay for being elected as the 113th Societies Council President.

SLT Improvements

IN PROGRESS

- No new updates. Please refer to previous Guild Council reports for more information on the project.

Sem 2 O-Day

COMPLETE

- After paying off all invoices, the total expenditure to run the Semester 2 O-Day summed up to around \$9,000 which is only 60% of our expected expenditure.
- After further discussions with Guild Marketing, Guild Events and Guild President Nikhi, the most common feedback was directed to the time constraints which impacted the amount of promotions that could be done.
- For next year, it is recommended to begin planning Sem 2 O-Day much earlier, even after the first O-Day is completed.

- While creating more events may be too hard to do, due to the amount of manpower to organise and market, my recommendation for next year is to organise the same amount of events throughout the day but spending more time to ensure higher quality.

What Club Suits You Quiz

IN PROGRESS

- Emilia (SOC VP), Naveen (OGC) and I have organised weekly meetings on Fridays to work on the What Club Suit You Quiz!
- Naveen has been doing the coding for the website while Emilia and I provide feedback on the interface and experience of the website.
- This project will most likely be completed at the end of the year for the next Guild Council to use at large events such as O-Day and Club Carnival.
- For more information regarding the What Club Suits You Quiz, please refer to Naveen's Council Report.

Guild Website Updates

IN PROGRESS

- Most content relating to SOC has now been updated and uploaded onto the Guild website.
- Special thank you to Fernanda for helping me update and upload content.
- Last document I am planning on updating will be the Guild Website Handbook alongside the Guild Marketing team.

How-to-Club Guide 2.0

IN PROGRESS

- Work on the How-to-Club Guide is now more than halfway complete!
- Over the study break, two writing nights were completed finishing off most sections to be done by SOC.
- Additional review of each section will be completed alongside adding screenshots and images of relevant content where necessary for better understanding.
- Still planning on reaching out to Guild Departments and Staff when the time is right. This will most likely be done in the middle of October when most major events are completed.
- Expected time of completion is still the end of my term (End of November).

Tavern Pub Crawl Package

IN PROGRESS

- No new updates. Please see previous reports if you would like to know anything regarding this project.

Club Engagement Officer

FINAL TOUCHES

- No new updates for this, most likely to be reviewed again when Aidan and I go through the Societies Council regs.

Future expenditures which should appear in next month's report include extra expenditure in the SOC Grants budget line due to the second run of Special Project Grants.

DISCUSSION POINTS

As I have said in my last council report, most of my time as SOC President is now devoted to the remaining project work.

While my committee and I have completed most of the work for all projects, there are still things to work on.

I will also be assisting any departments or committees who have reached out to me with any of their upcoming events, such as Relay for Life, and the Guild Ball. If anyone would like any help running any other events for this semester, please let me know. I am happy to help as much as possible.

Finally, now that this year's Guild Elections are over, handover to the elected 113th SOC President, Jonathan Tay, will be organised and conducted before his term begins. It still feels like yesterday when I got my handover...

SUMMARY

September has been a busy month for the Wellbeing Department, with much of our time and energy going into planning Wellbeing Week, which is taking place at the end of the month. Although the process has been stressful at times, we hope students are finding Wellbeing Week to be a much-needed mental break and a chance to recharge. Alongside this, we continue to work with the University on the TalkCampus initiative, and end of this month we also hosted another Mental Health Pop-Up. It's been a packed semester, but we're glad to be putting student wellbeing at the forefront.
