SUMMARY

If you've blinked, then found yourself suddenly close to the end of Sem 1, so have I. Everyone is doing lots of great work and it's been good seeing what you have all put in, so thank you so much! Keep it up as we come into the last month of the first half of our term. Some big projects getting done, and some more in the works – thank you to all of the staff who are doing amazingly well working with us as always! If you have any questions on my meetings below, please ask and I'll be happy to expand.

PROJECT UPDATE

Guild Councillor check-ins

- Have been progressing nicely with these, still a few to catch but everyone is looking switched on coming to semester!
- Please contact me if you would like some support as well at any point!

Guild Master Plan update

- Reviewing TRCB documents to look at feasibility of restructuring how the Guild flows from the GSC to the offices, to look at a new lift near the GSC. Not much progress, TRCB still drafting, pending going to CIAG

O-Week

- O'Day afters – went very well! Huge success with over 500 tickets sold (sold out!) and a great evening had by all.
- Lots more fun Guild activities each day during O-Week, thank you to Leigh and Alice for all your work on these ones!!

Platinum Tickets

- Launched during O'Week! Over 2000 distributed.

Tav Wednesdays

- Biggest numbers we've seen on Tav Wednesday recently! Had to turn people away from the door when we were at capacity at some points throughout the night. Continuing weeks 0-2 inclusive.

NUS Engagement

- Been in contact with the new NUS President Felix Hughes, who will be visiting UWA in February
- Also been in contact with our new State Branch President, Rama Sugiarta (congrats!)
- Went to the Presidents' Summit, learnt lots. See individual report.

Food for Fines

- Running this year in the months of March and August!
- In full implementation now, has been going well!

Period Product Dispensers

- Have expressed to UWA that there is want for them in all-gender bathrooms and on College Row, however this relies on UWA's budget for this. Waiting on them at the moment. Trying to get this built into ongoing budget as an equity initiative rather than a cost of living initiative so that it won't run out!

Drug testing kits

- Unfortunately, UWA won't be supporting this, so we will be progressing with this ourselves.
- Contact with SEN about these

Drink Spike Testing Kits

- Please, if you talk about this project, be very careful to say drink spike TESTING kits, not drink spiking kits! Very important distinction
- Progressing ourselves as well.
- They've come in! Bar staff learning, and rolling out at the tav

Guild x India

- Preliminary meetings with Nashid Chowdhury have been positive, still working out what the Guild presence will be there
- Seeking funding from UWA to kickstart this.

- Will likely go over sometime to begin to see what foothold we can have there.
- Getting our merch ready to go with different branding, speaking with the COO soon

Guild App

- Launched! Send any feedback you have past us.
- Working on more features now

Parking

- Unfortunately, despite the dissent of Jay and I in Senate, UWA has decided to increase the daily caps to student and staff parking prices. Still working to see what improvements can be made to the physical reality of parking. Sad.

Framework for student consultation in Digital Experience Projects

- This one came out of a meeting with Karl Thompson regarding the Student Digital Experience Project Steering Group, so maybe it isn't as dry as it sounds!
- Asked what level of student consultation there had been for the inflight projects coming throughout 2026 and beyond, and there was no clear answer as they weren't aware of a framework by which students are involved in the process
- Have continued discussions around the best model to use for this.

Timetabling reform

- Have discussed with Student Life, waiting on the beginning of the program starting up with funding. It's going to take a while this one – they're working on it but slowly.

Blue Tree Project

- Raised with Student Life, got in contact with the founder of the project who's a UWA alumni, catching up with her this week!

Free condoms

- Out in the GSC! YAY! Also getting 10,000 per college.

Free HIV self-tests

- Beginning the planning for the implementation of a free HIV self-test dispenser in UWA.
- Some concerns over data privacy.

Venture

- Chloe has some updates about this, look at her report. I'm not sure what is confidential and what isn't, but for a general summary, we want Venture to grow bigger and better, and expand their offering to more students!! Lots of planning in progress here.

AI

- Academic Conduct Essentials has been updated with content regarding AI
- Looking into training through the libraries on AI

Guild Culture

- Joke of the day is ongoing now – if you find me and ask, you can hear the joke of the day! I can't promise that it will make you laugh though...
- Flowery/Fun/Fruity Shirt Fridays is ongoing for me personally

Academic Policy

- Have chatted with Marc Tennant about mandatory practice papers, will bring this to the review of assessment working group.
- Also bringing up capping final exams at 50%, receiving final exam marks, and a centralised platform for assessment marks.

Unpaid Placement Financial Hardship Grant

- Working on the policy and eligibility criteria to be approved by Guild Council, leading into the implementation of the grant
- Grant approved, moving it onto website and advertising now

Unpaid Placement Advocacy

- Connecting with AMSA and WAMSS to get some WA data on the impact of unpaid placements on students, and writing letters to ministers to advocate to expand the Commonwealth Prac Payment scheme to more allied health fields

Vampire Cup Blood Drive

- Connected with WAMSS and Lifeblood to coordinate a whole-of-UWA blood drive!
- This is ongoing, get out there and get your blood flowing for it.
- Can be recognised as volunteer hours while you do it!

VISA Fee Advocacy

- Statement made
- Working on a motion through council
- Spoke to a motion in the City of Perth Council

SUMMARY

This month, I have begun scoping three key student support initiatives: an Unpaid Placement Grant, a SmartRider Bursary and a Women's Mentorship Program. These projects aim to provide practical support to students experiencing financial pressure, particularly those undertaking compulsory unpaid placements, facing transport costs or seeking stronger professional and leadership development opportunities.

Initial work has focused on clarifying the purpose of each initiative, identifying the student groups they are intended to support and considering how these programs could operate within the Guild's existing advocacy and support structures.

MEETINGS ATTENDED

<i>Date</i>	<i>Meeting</i>	<i>Purpose</i>
25/03/2026	113th Guild council photos.	First committee meeting held. Executive officer - Emily Bunschoten elected. Discussion on both PROSH and Pelican.
25/03/2026	Meeting with Guild President and PSA President	discussion about projects I will be taking on as Guild Vice President for 2026.
15/04/2026	Media and Publication meeting	Reviewed Pelican 2.0 and PROSH 2026. we also discussed interview and application updates on the UDUB radio station manager.

PROJECT UPDATE

Unpaid Placement Grant:

With the Unpaid Placement Grant Policy passing Council last month I've been keen to help out however I can in the rollout of this critical policy. As someone who used to study engineering and now does finance I understand that compulsory placements that are unpaid can have a significant financial burden on students. I've been working to help with a smooth rollout and collaborate on a communications plan to ensure students know it exists and can access it if necessary.

SmartRider Bursary:

The ongoing war in the Middle East has led to a major spike in the cost of fuel which is hindering students' ability to come to campus. I've been working with Ollie, Jay and Insiah on creating a smartrider bursary for students to get money on their smartrider to be able to come to and from campus. We've managed to secure a significant amount of money from the University for this initiative and are now just finalising how it will be administered before announcing it and rolling it out in the coming weeks. A massive win for students all round!

Women's Mentorship Program:

Planning is underway for the establishment of a Women's Mentorship Program connecting current female-identifying students with alumni and industry professionals. The program aims to provide career guidance, networking opportunities, and personal development support. An expression of interest process for both mentors and mentees is being designed, with a target launch date in Semester 2, 2026.

PROJECT UPDATE

New Guild Website

- The new online clubs portal is finished and has been presented to SOCPAC - very exciting!!
- This portal will allow clubs to do a lot of their activities virtually, including banking
- Kelvin and Mutya met recently and the process of getting EMP's off the guild website has begun so we hope to update on this progress soon.
- Alison has started to work on contracting and building a new Guild website!!

Hygiene Hub

- The initiative will be beginning through the food pantry!
- The food pantry has been split into 2 sections to incorporate the addition of these hygiene products, but we will wait for more things to be added to it before we begin advertising and promoting this to students
- This hopes to alleviate stress and continue to support students in the cost of living crisis by providing essential hygiene products

Guild Council Bonding:

- I have reached out to Guild council members to find out which night in the week of the 11th of May works best for everyone
- Once I know what night is best, I will make a booking for an activity which will either be laser tag or an escape room and somewhere to go for dinner
- I will keep everyone updated with finalised details!

SUMMARY

April was a relatively quiet month for the Ethnocultural Department, largely due to mid-semester examinations. Despite this, the team continued making steady progress on several key initiatives behind the scenes.

A major ongoing project is the implementation of a multi-faith prayer room on campus, aimed at supporting the diverse spiritual needs of students, as I have mentioned in one of our previous reports. Planning and coordination for this initiative are currently underway, with the goal of completion by the end of the year.

In addition, the department has been actively preparing for upcoming events in May, as well as end-of-semester programs. Internal efforts have also focused on strengthening team cohesion through committee bonding activities.

This period has also provided an opportunity to revisit and realign departmental goals, ensuring continued focus and direction for the remainder of the academic year.

PROJECT UPDATE

Multifaith prayer rooms:

Progress on the multi-faith prayer room initiative continued throughout April, with a focus on consultation and data gathering. The department developed a survey to be circulated across clubs, faculties, and societies on campus to better understand potential use of the space and to gather insights into cultural and religious needs. In addition, ongoing consultations with cultural clubs at the University of Western Australia and discussions with other university guilds have been key in ensuring a broad and inclusive approach. The department is also in the process of scheduling a meeting with Fiona McAuliffe from Student Services to further guide the initiative. Following these

consultations, the survey will be finalised and released, informing the next steps toward implementation.

Language workshop planning:

The department has also begun planning a language workshop aimed at promoting linguistic diversity and cultural exchange on campus. Initial discussions have focused on the structure, potential facilitators, and the range of languages to be featured. The workshop is intended to provide an interactive and engaging space for students to learn and share languages, with further details to be finalised in the coming weeks.

Campaigns:

The department is currently exploring several campaign initiatives aimed at strengthening cultural awareness and engagement across campus. One key idea is the introduction of a “Humans of Campus” campaign, which would utilise the department’s social media platforms to share student stories and highlight the diverse identities within the university community. In addition, existing initiatives such as CALD blogs and YCAT videos will continue, with plans to reformat and refresh their structure to improve accessibility, relevance, and student engagement. The department is also considering the development of a “Global Classroom” campaign, which would showcase the intersection of culture and academic disciplines through collaborations with faculties, panels, and student contributions. Together, these campaigns aim to create more inclusive, visible, and interactive platforms for cultural expression and dialogue.

Charity event planning:

The department is currently in the early stages of exploring potential charity initiatives to be delivered through future campus events. This includes researching reputable humanitarian organisations supporting communities affected by global crises and conflict zones. The focus of this work is to ensure that any fundraising efforts are directed toward credible, impactful causes that align with the department’s values of cultural awareness, inclusion, and global solidarity. Further discussions will be held to determine the most appropriate events and partner charities before any initiatives are formally confirmed or launched.

PROJECT UPDATE

International Student Council – Working on re-establishing ISC. Have reached out to facsocs, cultural clubs and residential colleges. Have planned our first meeting for early May. Super keen on getting this done after a few years, the aim is to create a platform to discuss and address key issues faced by international students across all areas of the university.

Resource for international students as networking guide – Posted a Student Meet Industry Network Booklet and ISD in collaboration with SNAGS to help international students network.

ISD Room - Since the ISD Room doesn't have swipe cards/key cards, Juvincia (ISD Welfare Director) and the committee are trying our best to have at least one of us present from 12:00pm - 4:30pm where international students can come destress, have snacks, study or play switch! We also held our first event in ISD Room – Crafty Connections which was well attended.

Advocacy on recent Temporary Graduate Visa (Subclass 485) price increase – Released a statement from Guild, PSA and ISD to show our support and call on reversal which received over 3000 likes and 220 reposts. Thanks to Jay and Ollie for helping on it. Also, attended the City of Perth Council meeting to raise the issue and talk on the matter/calling for reversal of this decision alongside Yasaswi, Emma, Jay and Ollie

Organizing legal/immigration advisory sessions – The visa and migration seminar was on 24th March, in collaboration with P MEC (Pathway Migration & Education Consultants). Was successful with many international students attending, learning and winning merch too

Paints n' Pebbles – Event on 17th March in Matilda Bay where students can come along, destress and mingle and connect with others. Over 40 attendees and created a relaxed, welcoming space for students to socialize.

International alumni panels – I've had a chat with Mary Portez from UWA Industry Engagement (Careers). Still in planning stage, hopefully will run one event in Semester 2. In talks with ISD Education Director and how we want to plan this out and stakeholders. The main idea of this event is to connect international students and graduates, sharing their experience, insights, and pathways beyond university.

Ramadan Welfare Pack – Alongside Ethno and ISD collaboration on Ramadan information video, we gave out dates and water pack on Harmony Day from ISD Stall aiming to support individuals who were fasting by providing simple items traditionally used to break the fast at iftar.

Lunar New Year - The event successfully ran on Tuesday, 24 February, from 11:00am to 2:00pm at Oak Lawn. We had performances like Lion Dance, Kpop Dance, Vpop Dance, Jpop Dance, Asian drumming, live Guzheng performance, martial arts and tai chi performances. We had games like mahjong, lucky draw, fortune telling, hanfu photography, arts and craft stall, painting ema boards and many other activities. Had calligraphy station, photobooth and free cookies, spring rolls and icecream!

ISD Committee – Secured a full committee with over 55 highly potential candidates. If you need to get in touch with the ISD team, key contacts include Ayush Kalyanpur (Vice President), Nicole Kwaramba (Secretary), Juvincia Riadi (Welfare Director), Sakindu Dassanayake (Education Director), Aditi Podder (Social Director), and Tashla Widanage (PR Director)

Collaboration with UWA College – Went for UWA College Orientation on 13 Feb with Reana to introduce the Guild and ISD. We’ve set up regular catch-ups to see how we can support college students, and ISD successfully handed out welfare packs for UWA College Jan/Feb exams.

IDEATION

Discussed with Oliver Barrett (Guild President) about changing the mid-semester study break to fit with school holidays. Will be brought up in an academic timetabling meeting. This idea allows students (with children) to look after their children, supports working students with retail/entertainment jobs – more shifts during school holidays, enabling students to participate in volunteering programs/lead camps involving children.

SUMMARY AND UPDATES

This month, the Noongar Boodjar program, in partnership with Kings Park, began. Huge thanks to Rama, Zered and OJ for attending or helping to supply attendees. This month's session was more of a test than anything, since we were still unsure of the program's exact operations.

I have discussed with CodeGreen Interhealth (WAMMS volunteering/conservation branch) to organise a conservation session for mid-June.

This month was a relatively difficult and taxing week personally, and from uni, I made adjustments to ensure that I have more time to see to my commitments.

PROJECT UPDATE

As part of its ongoing community welfare initiatives, the UWA Sikh Society coordinated Langar on Campus 2026 — a free community meal open to all UWA students, staff, and members of the public, held on Tuesday 15 April 2026 between 12:00 PM and 2:00 PM on Oak Lawn, UWA.

Rooted in the Sikh tradition of Langar — the practice of providing a free, communal meal to anyone regardless of background — the event served between 500 and 700 attendees, embodying the values of equality, seva (selfless service), and community care. All food was freshly prepared and served by volunteers from the UWA Sikh Society and the broader Sikh community, with essential provisions generously contributed in-kind by the Sikh Gurudwara Perth.

As President of the UWA Sikh Society and Ordinary Guild Councillor, I facilitated collaboration across the Guild's Public Affairs Committee, Volunteering department, and International Students department, as well as partnership with the Sikh Gurudwara Perth, to bring the event to fruition. The event reflects the UWA Sikh Society's enduring commitment to student welfare and inclusive community-building, and demonstrates the impact of cross-organisational partnership in delivering meaningful outcomes on campus.

SUMMARY

This month I focussed on the Guild Gardens project and made some progress and plans for the future of the Garden. I am also getting a better sense of what changes are possible for the Student Assist program. This month a modified text of the motion as well as a call for donations appeared in the Guild Weekly email based on the motion that was passed at a previous Council.

MEETINGS ATTENDED

<i>Date</i>	<i>Meeting</i>	<i>Purpose</i>
10/04/2026	Guild Gardens Coordinator	Met for a second time to measure up the garden and make preliminary decisions about what we need to update the Garden.
16/04/2026	Student Services Committee Meeting	Monthly meeting discussed upcoming events and activities in various areas of the Guild.

PROJECT UPDATES

Guild Gardens – I have drawn up a plan for the garden and measured up the space. After multiple meetings with the Guild Gardens Coordinator, we are close to coming up with a comprehensive plan and budget for the first stage of changes. Once the budget is approved, ideally changes will be made to the Garden before winter.

Student Assist – This project has been secondary to the Guild Gardens’ project, but after a conversation with the Guild President I believe that this is the right year to act and hopefully after some discussions a plan will emerge. There is now more information available on the operations of Student Assist so I am hoping to harness this to understand how the services can be improved for students.

ACHIEVEMENTS

It was fantastic to see the motion that I proposed at an earlier Council find its way into the Guild Weekly email. This has hopefully brought the years long drought to the attention of students along with a call for donations to support farmers in the Gascoyne and Murchison.

PROJECT UPDATE

Livestreaming / Conference Equipment in Guild Council

COMPLETED

Perhaps it will be on when I walk into the Council Room.

Antisemitism Education Taskforce

IN PROGRESS

Preparing briefing note so Councillors can engage effectively with the Antisemitism Education Taskforce and where appropriate, the Royal Commission into Antisemitism and Social Cohesion in a responsible manner.

National Gendered Violence Regulator

IN PROGRESS

Preparing briefing note so Councillors can assess the University's and the Guild's progress towards their commitments under the National Higher Education Code to Prevent and Respond to Gender-based violence.

NUS Working Group

IN PROGRESS

First meeting to be held next week. Aiming to provide a preliminary report to Council in July. If you would like to join, please email me per contact details below. The Terms of Reference are as follows:

Value Assessment

- Review the Guild's financial contribution to the NUS (affiliation fees, conference cost, delegate travel and accommodation) and benchmark this against services and support received.
- Assess the extent to which NUS campaigns, resources, and representations have tangibly benefitted UWA students in the current and preceding year.
- Examine whether NUS office bearers have proactively engaged with the UWA Student Guild throughout the year, and document the nature and frequency of this engagement,

Governance and Reform

- Review NUS governance structures, including quorum rules, the annual rewriting of the policy book, and factional dynamics at conference, and identify specific reforms the Guild should advocate for.
- Assess whether the NUS National Conference is an effective forum for WA student representation and consider whether alternative mechanisms for interstate collaboration could supplement conference attendance.

Operational Engagement

- Establish and maintain regular communication between Guild Office Bearers and their NUS counterparts throughout their term.
- Track the competition of KPIs for NUS related roles within the Guild (delegates, OBs, and NUS counterparts), and flag non-performance early.
- Coordinate cross promotional activities between the Guild and the NUS (e.g. posters, digital communications, joint campaigns) and report on uptake.

FINANCES

N/A

ACHIEVEMENTS

- Conference Equipment in Guild Meeting Rooms
- Support from Council for NUS Working Group
- Reviewed all current Guild Stances, proposed key missing platforms

DISCUSSION POINTS

The University must commit to extending library opening times later into the evening and in the early morning in lieu of 24/7 access to the Beasley Law Library which has been labelled, and I contest, as poorly patrolled and under used. The Beasley Law Library provides quiet but functional space away from the hustle and bustle of Reid ensuring students can find a seat particularly during assessment mayhem, and further significantly increases the number of monitors available for student use after hours, particularly when the Law Student Study Room is considered. It would be a shame to end its 24/7 access without improving access to alternative facilities and extending staffed hours.

Pride in Academia Panel & Discussion Event

Date: 14 May 4.30-5.30pm

Venue: Hackett Cafe, UWA

We are hosting an event with UWA academic staff and students to discuss LGBTQIA+ experiences in academia. It will serve as an opportunity for students to gain an insight into what a future in research may look like and ask any questions.

To register for this event please visit: <https://events.humanitix.com/queer-in-academia-panel>

Queer History in Australia Event

Date TBC

Educational workshop focused on LGBTQIA+ history and activism in Australia. This event is still in early stages of planning.

UWA at Pride 2026

No updates to share on this project but we are in discussions with the LGBTQIA+ Staff Working Group.

Pride Newsletter

During GOTG and O-Day, we started advertising a mailing list for those who may not wish to follow our social media channels. This is particularly important for students who may not be open

about their identities across social media. We aim to keep this mailing list up to date with events happening internally and externally too.

SUMMARY

April was a full on month of events and activities for PSA and I've been really enjoying the flow of my role. I've continued my advocacy and meeting attendance this month albeit not many major committees met in April other than the Alumni Council and Academic Council. I've also contributed to various Guild Committees included Governance, SRC, EMC, Equity and Diversity, and even attended Alumni Engagement for Nikhi! Ollie and I, alongside Emily and Reana, are continuing some key advocacy points with the University and have seen progress made on key issues which is great.

This month the PSA has a busy events calendar which was a great success. We had our second PSA Connect which was well attended and is always nice to see postgrads get around things. We also collabed with ISD on a Quiz Night which went really well. Kai and his Welfare team ran their first major event handing out 100 ice creams to postgrads! Finally, capped off the events schedule with a PSAxECU Collab which went swimmingly. Super proud of the events PSA has ran this semester and looking forward to finishing strong.

The PSA Survey closed at the start of this month to great success and we've begun handing out prizes and looking through responses. Engagement overall with the PSA and people's knowledge of it is going strong so I've been really proud of our efforts. PSA Grant applications have launched as well so excited to see how that shapes up.

PSA Survey

The PSA Survey closed and we had roughly 450 responses which was insane engagement from the postgraduate cohort and something Hunter, Max and I were very proud of. Once it closed the three of us got together and picked the winners for the survey and then started scanning the responses. I allocated tasks between Hunter and Max who will begin sifting through the survey results and preparing some qualitative and quantitative analysis which they'll compile into a report. I hope to have this report published by Semester 2 and socialise it across UWA. Exciting times!

PSA Committee

Not too much to update on the committee front! We had committee bonding at Varsity the other night which was really nice to see people come down, socialise and use their brains! Always nice to get to know your committee outside of work. Kat, Rhiannon and I have been in discussions about National Reconciliation week and Kat potentially facilitating some events for the PSA Committee like a yarn circle – if anyone's interested please let me know!

PSA Newsletter

The third PSA Newsletter was sent out this week! Main item was an introduction to Kai and to promote a lot of the events we had coming up! Continues to show strong readership and engagement and I've been getting a lot of reach out to include things in the newsletter which is great! Will probably publish one or two more before the end of Semester.

PSA Grants

The PSA Grants are back for another year! Harry Frodsham and I sat down to go over the form, eligibility criteria and process for how we wanted it to roll out. We flagged an issue with the form but tested it from various student accounts and didn't have any issues so proceeded with publication. We received some emails from students saying they were struggling to access the form so Harry spoke to IT and got the issue resolved. I then sent out an all postgraduate email to announce the change and pushed the due date back a week to give students ample time to apply. A little rocky of a start but seems to be going well now!

PSAxISD Quiz Night

PSA held its annual collaboration with the International Students' Department on a Quiz Night! I didn't have much of a hand in planning or running this event but going down and attending with some of my committee was a great experience! I thought it was very well run and well attended and the teams adapted quickly to the flow of the night. Looking forward to our upcoming study night with ISD!

PSA Connect

Held our second PSA Connect for the year at the UWA Tavern! Was well attended and great to see students down and bonding with one another and fostering that sense of community that is critical to the postgraduate cohort. Look forward to the final PSA Connect at the Tavern in a few weeks and continuing to trial different activations like Human Bingo!

PSAxECU Event

The first event of its kind was a massive labour of effort and sweat and it was awesome to see it pulled off. We hosted ECU students in the Tavern for a fun night of social networking. Well over 200 students across both campuses attended with a massive shuttle bus coming from the ECU campuses. We had a WAAPA PhD student play and sing live and served lots of pizzas and drinks throughout the night. Overall, was a massive success and hope to collaborate with ECU again in the future.

Welfare Ice Cream Event

This was a project Kai and his sub-committee came to me with that I thought was fantastic. Shoutout to the Guild Events team for suggesting collaboration with Tiny Spoons. Kai and his team organised 100 free ice creams for postgraduates and had lots of fun games to play as well as questions for people to answer related to their area of study. It was a steady trickle of people throughout the 2 hours and in the end all ice creams got used! Very proud of the Welfare team for pulling off this new event.

ENGAGEMENT WITH THE UNIVERSITY

Alumni/Convocation Council

Ollie and I attended the Convocation Annual General Meeting. Not much of note occurred but received some interesting updates and sat through a fascinating panel discussion facilitated by the Public Policy Institute of UWA.

Next week we attended the Alumni Council Meeting. We received budget reports and approved the budget distribution. Following that Helene, the PVC of Research Training, gave a lengthy presentation on research at UWA and its future. Ollie and I then tabled our reports to the Council as well. We then got a Strategic Plan update and dealt with lots of communications en bloc.

Curriculum Framework Working Group

Not a lot to note from the CFWG this month. There was a discussion around the WAM Thresholds and the transfer roles for certain degrees. Not too much to flag on this front as it was just a discussion point. Similarly there was a presentation and discussion on conversion units as well.

Finally, we received a presentation and gave feedback on the Structure of Comprehensive Degrees at UWA now that they are changing. Ultimately not too much to report from Curriculum Framework Working Group this month, mostly discussion and no decisions.

Academic Council

First Academic Council meeting of the year. We reviewed the Council's modus operandi and performance feedback from 2025! First major item of the council was approving the UWA India Academic Calendar. Some interesting discussion on this front and how it will transition in the long-term but ultimately seems like India is tracking okay. We then established the Alex Park Prizes in Pharmacy.

After that some items were referred to the Senate including the consideration of course proposals and other items on block. A pretty quick Academic Council, not too much to report.

DISCUSSION POINTS

If anyone wants to collaborate on any events or initiatives, please reach out!

Puppy Yoga

In collaboration with the Women's Department, we are sorting out the logistics regarding a puppy yoga event for students – aiming for late May.

Past events

Sausage Sizzle – Wellbeing Wednesdays

We held a free Sausage Sizzle and it was a massive success! Will include vegetarian options for next time.

Yoga - Wellbeing Wednesdays

The venue and instructor were very good – creating a relaxing atmosphere for students to unwind. However, my team will definitely have to work on our marketing and promotion of future Wellbeing Wednesday events.

Wellbeing O-day Stall:

The Student Guild Wellbeing Department is planning to set up a stall on O-day. At this stall, we plan to give out flyers detailing cheap-eats around campus and UWA’s help services regarding academic stress. Additionally, we will be giving up small goodie bags that can be won by playing a game.
