## SUMMARY

This month, UWA has really kicked into gear and there are a lot of committee meetings and other such fun tidbits to attend and give feedback on. Lots and lots and lots of university meetings, some details in the report below. A high level summary – working to protect students going through discipline processes in the Academic Integrity Policy Review, make sure that we don't get messed around by the review of assessment ongoing to address AI, in the Generative AI committee I'm trying to see whether we can get some assurance of teaching quality for students so they know they're taught by real people and not AI, working on allowing us access to University venues without the ridiculous fees, trying to write it into policy that UWA has to prioritise paid WIL/experiential learning for equity, tightening up PROSH rules around timetabling so students don't have mandatory classes, advocated for a simple academic feedback/complaints form integrated to help students protect themselves, and working on activating our outdoor spaces a lot more with benches, study spaces, etc. Hope you enjoy the read of this report!

**PROJECT UPDATE**

**University advocacy/feedback**

- **Generative AI Committee:** feedback on AI framework for the university

- **University Strategic Enterprise Education Council:** feedback on experiential learning model/policies, AI 2030 strategy, other currently offered WIL programs
- **Student Digital Experience Program Steering Group:** advocating for prioritisation of timetabling system, increased student consultation throughout all digital experience projects
- **University Curriculum & Admission Standards Committee:** feedback on new proposed courses, focusing on following University policy to protect students
- **Safer Communities Advisory Committee:** co-chairing this meeting, and working on a big schedule of works to advocate for students & improve safety/equity on campus
- **Board of Studies, Life Health & Natural Sciences:** providing student feedback on new courses and methods of progression
- **Convocation Council:** working together with our alumni council to advertise initiatives, look for funding, and generally improve the student experience!
- **SSAF Committee:** making sure our SSAF money is spent on the right things!
- **Review of Assessment Working Group:** fighting against all scary things for students like barrier exams, changes to assessment that worsen equity issues & pedagogy. Also working on improving the feedback students receive on assessments, capping exams at 50%, and mandating practice papers for exams!
- **Deputy Vice-Chancellor (Operations):** enabling students to use big university venues like Winthrop & Octagon at an affordable price/free, implementing sharps bins around campus for student safety, improving accessibility of Cameron Hall & Guild Offices, activating outdoor spaces, and putting a multifaith room in around QEII/ALVA.
- **Libraries:** working on 24/7 BJ, unfortunately they've made the decision to limit law library hours away from 24/7 (good to know that 97% of current usage sits within the new hours that they've changed it to, but still sad). Also bringing feedback around EDFAA Library works disrupting students.
- **Academic Integrity Policy Review:** giving lots of feedback on proposed changes, this is a longggg review been to about 6 different meetings now.

#### **Guild Councillor check-ins**

- Have been progressing nicely with these, still a few to catch but everyone is looking switched on coming to semester!
- Please contact me if you would like some support as well at any point!

#### **Guild Master Plan update**

- Reviewing TRCB documents to look at feasibility of restructuring how the Guild flows from the GSC to the offices, to look at a new lift near the GSC. Not much progress, TRCB still drafting, pending going to CIAG

#### **O-Week**

- O'Day afters – went very well! Huge success with over 500 tickets sold (sold out!) and a great evening had by all.
- Lots more fun Guild activities each day during O-Week, thank you to Leigh and Alice for all your work on these ones!!

#### **Platinum Tickets**

- Launched during O'Week! Over 2000 distributed.

#### **NUS Engagement**

- Been in contact with the new NUS President Felix Hughes, who will be visiting UWA in February
- Also been in contact with our new State Branch President, Rama Sugiarta (congrats!)
- Went to the Presidents' Summit, learnt lots. See individual report.

#### **Food for Fines**

- Running this year in the months of March and August!
- In full implementation & review now, went well!

### **Period Product Dispensers**

- Have expressed to UWA that there is want for them in all-gender bathrooms and on College Row, however this relies on UWA's budget for this. Waiting on them at the moment. Trying to get this built into ongoing budget as an equity initiative rather than a cost of living initiative so that it won't run out!

### **Drug testing kits**

- Unfortunately, UWA won't be supporting this, so we will be progressing with this ourselves.
- Contact with SEN about these

### **Drink Spike Testing Kits**

- Please, if you talk about this project, be very careful to say drink spike TESTING kits, not drink spiking kits! Very important distinction
- Progressing ourselves as well.
- They've come in! Bar staff learning, and rolling out at the tav – looking to market shortly

### **Guild x India**

- Preliminary meetings with Nashid Chowdhury have been positive, still working out what the Guild presence will be there
- Seeking funding from UWA to kickstart this.
- Going over sometime soon to begin to see what foothold we can have there.

### **Guild App**

- Launched! Send any feedback you have past us.
- Working on more features now

### **Parking**

- Unfortunately, despite the dissent of Jay and I in Senate, UWA has decided to increase the daily caps to student and staff parking prices. Still working to see what improvements can be made to the physical reality of parking. Sad.

### **Framework for student consultation in Digital Experience Projects**

- This one came out of a meeting with Karl Thompson regarding the Student Digital Experience Project Steering Group, so maybe it isn't as dry as it sounds!
- Asked what level of student consultation there had been for the in-flight projects coming throughout 2026 and beyond, and there was no clear answer as they weren't aware of a framework by which students are involved in the process
- Have continued discussions around the best model to use for this.

### **Timetabling reform**

- Have discussed with Student Life, waiting on the beginning of the program starting up with funding. It's going to take a while this one – they're working on it but slowly.

### **Blue Tree Project**

- Raised with Student Life, got in contact with the founder of the project who's a UWA alumni, progressing discussions to campus management now.

### **Free condoms**

- Out in the GSC! YAY! Also getting 10,000 per college.

### **Venture**

- Chloe has some updates about this, look at her report. I'm not sure what is confidential and what isn't, but for a general summary, we want Venture to grow bigger and better, and expand their offering to more students!! Lots of planning in progress here.

## **AI**

- Academic Conduct Essentials has been updated with content regarding AI
- Looking into training through the libraries on AI
- Feedback being given in Generative AI committee on high level policy to protect students, train them better, and also make sure that staff are held to account too.

## **Guild Culture**

- Joke of the day is ongoing now – if you find me and ask, you can hear the joke of the day! I can't promise that it will make you laugh though...
- Flowery/Fun/Fruity Shirt Fridays is ongoing for me personally

## **Academic Policy**

- Have chatted with Marc Tennant about mandatory practice papers, will bring this to the review of assessment working group.
- Also bringing up capping final exams at 50%, receiving final exam marks, and a centralised platform for assessment marks.

## **Unpaid Placement Financial Hardship Grant**

- Working on the policy and eligibility criteria to be approved by Guild Council, leading into the implementation of the grant
- Grant approved, moving it onto website and advertising now
- Released!!! Yayyyy yippee – tell your friends.

## **Unpaid Placement Advocacy**

- Connecting with AMSA and WAMSS to get some WA data on the impact of unpaid placements on students, and writing letters to ministers to advocate to expand the Commonwealth Prac Payment scheme to more allied health fields

## **Vampire Cup Blood Drive**

- Connected with WAMSS and Lifeblood to coordinate a whole-of-UWA blood drive!
- This is ongoing, get out there and get your blood flowing for it.
- Can be recognised as volunteer hours while you do it!

## **VISA Fee Advocacy**

- Statement made
- Working on a motion through council
- Spoke to a motion in the City of Perth Council

## **AV Equipment upgrades**

- Finished now! Got into MR1 and the GCMR.

## **PROSH Policy Change**

- Discovered that the policy didn't extend to cover assessments, only classes – thank you Ed Council!
- Advocated to change this to extend the policy to cover assessments

## SUMMARY

This month has been a particularly interesting one as I've had to navigate my role almost entirely virtually while undertaking an internship overseas. Although coordinating projects and meetings remotely has presented some challenges, it has also been a valuable experience in adapting communication and collaboration methods to continue progressing student initiatives effectively.

Despite the distance, I've remained actively involved in discussions, planning and rollout work across a number of key projects, and I'm looking forward to continuing this work and seeing these initiatives further develop over the coming months.

## MEETINGS ATTENDED

<i>Date</i>	<i>Meeting</i>	<i>Purpose</i>
05/05/2026	Reel Filming	filmed reel with Oliver B, Jay W and Lia S announcing the guild grants
15/05/2026	Executive Management Committee meeting	Reviewed reports and minutes from each committee.

## PROJECT UPDATE

### **Unpaid Placement Grant:**

The Unpaid Placement Grant is now officially live and available on the University website for students to access.

### **SmartRider Bursary:**

The SmartRider Bursary is now officially live, providing financial support for students needing assistance with the cost of travelling to and from campus. I've been working alongside Ollie, Jay and Insiah on the rollout of the initiative, including finalising the administration and communications process to ensure students can access the support as smoothly as possible.

With rising transport costs continuing to impact students, it's great to see meaningful financial support now available to help improve accessibility to campus and reduce cost pressures for students.

### **Women's Mentorship Program:**

Planning and brainstorming for the Women's Mentorship Program is currently underway, with discussions focused on how to best structure the initiative and involve a broader range of student representatives in the process. The program aims to connect female-identifying students with alumni and industry professionals to provide career guidance, networking opportunities, and personal development support.

As I am currently overseas, coordination has been slightly more challenging, however work is continuing behind the scenes to progress the initiative and build wider collaboration ahead of a future rollout. .

## PROJECT UPDATE

**Earplugs** – This month we have begun providing earplugs to the UWA Tavern for them to distribute during loud events for people who might have sensory issues. We have also stocked up on earplugs in the Access Room for students to use during the exam season.

**Cross-Guild Collaboration** – At the end of April we ran a joint event with the Curtin and Murdoch guilds to give students of all three universities the opportunity to hear from and ask questions of politicians with portfolios relating to disability. We've already seen some positive efforts come from this event, with a student at Murdoch being able to raise the issue of lack of wheelchair accessibility at their campus.

## DISCUSSION POINTS

Following from our discussions at the last guild council regarding the recent changes to the NDIS, I have spoken with students in the disabled community and have worked with Troy Wood to bring forth a motion to this council that I believe represents a reasonable view on the NDIS reforms that the guild can confidently support.

## SUMMARY

For the month of May, Guild Council activities mainly focused on committee brainstorming meetings and student engagement initiatives. Committees met to discuss ideas, plans, and goals for upcoming projects and events throughout the semester. These sessions encouraged collaboration between members and helped generate new strategies to improve student involvement and representation. Additionally, a study night was organised towards the end of the semester to support students during the exam period. The event provided a productive and welcoming environment for students to study, connect with peers, and prepare for their assessments. Overall, May was centred around planning, collaboration, and supporting the student community during a busy academic period.

## SUMMARY

May was a busy month with a lot of meetings, planning and events. A lot of time went into discussing collaborations with student groups, university staff and external organisations, as well as planning upcoming initiatives and events for the rest of the year. It was also great attending different committee meetings and hearing a range of ideas and perspectives on student-related matters.

One of the biggest highlights this month was definitely the first International Student Council (ISC) meeting in three years. I was really happy with how it went, with 31 student leaders and representatives from different clubs, facsocs and college-rows attending. It was really nice bringing everyone together in one space and hearing everyone share their ideas, goals and perspectives. I'm really excited about where ISC is heading and keen to continue building stronger collaboration and connections between international student groups throughout the year.

## PROJECT UPDATE

**International Student Council** – Worked on re-establishing ISC. Reached out to facsocs, cultural clubs and residential colleges. It was successfully conducted on 5<sup>th</sup> May. I was super keen on getting this done after a few years, the aim was to create a platform to discuss and address key issues faced by international students across all areas of the university.

**Resource for international students as networking guide** – Posted a Student Meet Industry Network Booklet and ISD in collaboration with SNAGS to help international students network.

**ISD Room** - Since the ISD Room doesn't have swipe cards/key cards, Juvincia (ISD Welfare Director) and the committee are trying our best to have at least one of us present from 12:00pm -4:30pm where international students can come destress, have snacks, study or play switch! We also held our first event in ISD Room – Crafty Connections which was well attended.

**Advocacy on recent Temporary Graduate Visa (Subclass 485) price increase** – Released a statement from Guild, PSA and ISD to show our support and call on reversal which received over 3000 likes and 220 reposts. Thanks to Jay and Ollie for helping on it. Also, attended the City of Perth Council meeting to raise the issue and talk on the matter/calling for reversal of this decision alongside Yasaswi, Emma, Jay and Ollie

**Organizing legal/immigration advisory sessions** – The visa and migration seminar was on 24<sup>th</sup> March, in collaboration with P MEC (Pathway Migration & Education Consultants). Was successful with many international students attending, learning and winning merch too

**Paints n' Pebbles** – Event on 17<sup>th</sup> March in Matilda Bay where students can come along, destress and mingle and connect with others. Over 40 attendees and created a relaxed, welcoming space for students to socialize.

**International alumni panels** – I've had a chat with Mary Portez from UWA Industry Engagement (Careers). Still in planning stage, hopefully will run one event in Semester 2. In talks with ISD Education Director and how we want to plan this out and stakeholders. The main idea of this event is to connect international students and graduates, sharing their experience, insights, and pathways beyond university.

**Ramadan Welfare Pack** – Alongside Ethno and ISD collaboration on Ramadan information video, we gave out dates and water pack on Harmony Day from ISD Stall aiming to support individuals who were fasting by providing simple items traditionally used to break the fast at iftar.

**Lunar New Year** - The event successfully ran on Tuesday, 24 February, from 11:00am to 2:00pm at Oak Lawn. We had performances like Lion Dance, Kpop Dance, Vpop Dance, Jpop Dance, Asian drumming, live Guzheng performance, martial arts and tai chi performances. We had games like mahjong, lucky draw, fortune telling, hanfu photography, arts and craft stall, painting ema boards and many other activities. Had calligraphy station, photobooth and free cookies, spring rolls and icecream!

**ISD Committee** – Secured a full committee with over 55 highly potential candidates. If you need to get in touch with the ISD team, key contacts include Ayush Kalyanpur (Vice President), Nicole Kwaramba (Secretary), Juvincia Riadi (Welfare Director), Sakindu Dassanayake (Education Director), Aditi Podder (Social Director), and Tashla Widanage (PR Director)

**Collaboration with UWA College** – Went for UWA College Orientation on 13 Feb with Reana to introduce the Guild and ISD. We’ve set up regular catch-ups to see how we can support college students, and ISD successfully handed out welfare packs for UWA College Jan/Feb exams.

## PROJECT UPDATE

### **Tissues in Every Classroom**

#### PREPARATION

Preparing for a meeting in late May with operations staff to discuss tissue supply in each floor of Reid and other libraries.

### **Mid-Sem Study Break in School Holidays**

#### IDEATION

Discussed with Oliver Barrett (Guild President) about changing the mid-semester study break to fit with school holidays. Will be brought up in an academic timetabling meeting. This idea allows students (with children) to look after their children, supports working students with retail/entertainment jobs – more shifts during school holidays, enabling students to participate in volunteering programs/lead camps involving children.

## SUMMARY

This month has been productive in establishing the foundations for my projects. The Blue Tree is yet again still taking some time with the communications on the UWA side but we have updates on that front. The Alumni Engagement projects as well are also being worked on as well.

## MEETINGS ATTENDED

<i>Date</i>	<i>Meeting</i>	<i>Purpose</i>
1/5/2026	Guild x Blue Tree Project	Establish relations with the Blue Tree Project to discuss options on ways we could implement a blue tree on campus
5/5/2026	Consultation on DEI Strategy	A meeting with Fiona McGaughey (Pro VP Academic Advancement & Diversity) and various club/guild members about how we can improve the DEI strategy over the next few years

## PROJECT UPDATE

### Men's Mental Health Week + Blue Tree on Campus

- *Met with the CEO of Blue Tree with Ollie and Jay, where we discussed the various types of options of ways we could implement the blue tree on campus based on options we are yet to discuss with Campus Management / Student Life. Some of the options discussed were:*
  - *A mural that incorporates the blue tree (this was one of the options that was discussed all the way back when the project was first brought up a few years ago)*
  - *A metal blue 'tree'*
  - *Actually painting the tree (this is the ideal option but is purely dependent on what UWA want)*
- *Since we've approached the end of sem (and hence miss the actual men's mental week) – we will see how we can fit a university Men's Mental Health week somewhere into next sem (with hopefully a blue tree or some other staple piece)*

### Blood Drive

- *We've been promoting the blood drive and helping WAMSS out with the Vampire Cup, keen to see the results from this. We've had over 50 people donate blood so far!!!*
- *Next semester we are hopefully doing the inter-club blood drive so hopefully more on that soon.*

## PROSH 100 Year Book

- *We are currently looking into finding an editor to oversee the project through over the next few years since we will be having several people be handed over this project. There is a few people in mind for this.*
- *In talks with the UWA Historical Association among other relevant people to help make this happen.*
- *The Alumni Engagement Committee will be meeting over the break to continue further on this.*

## ACHIEVEMENTS

- Support from Council for NUS Working Group

- Reviewed all current Guild Stances, proposed key missing platforms

## DISCUSSION POINTS

Students have once again been left out of the Federal Budget. The 20% reduction in HECS debt was a one-time election act that has left students like you and me still paying a full course cuts, while those who graduated just years in advance have received 20% off, worsening generational inequality, not improving it.

The Senate Standing Committee on Education and Employment is due to deliver their report on the Higher Education Support Amendment (Reverse Job-Ready Graduates Fee Hikes and End 50k Arts Degrees) Bill 2025 on June 25. However, the Bill looks set to defeat as Minister Clare called JRG “failed” but called it “expensive to fix”, and the ATEC legislation makes no mention of student contributions. We should back full reversal and make a public statement prior to June 25.

Structural inequalities remain. Students are suffering under inequality by discipline, by socioeconomic background, cut research funding, and income support well below any credible poverty line. Students are marginally better off than two years ago but the system remains fundamentally unfair, and the gap between what Labor has promised and what it has delivered on higher education equity is indefensible.

## DISCUSSION POINTS

In response to the freedom flotilla which was sailing to Gaza to break the blockade and allow the transport of food and medical aid, the IDF kidnapped activists on board the vessel, and detained them in Israeli prisons. While in detention, these brave activists were tortured, humiliated and degraded by the IDF, under the person supervision of Ben-Gvir, the Israeli minister of National Security. Activists have

reported broken bones, wounds, sexual assault; they were deprived of food, water and sleep, and brutally abused with weapons.

This is horrific abuse for anti-war, anti-genocide activists who were trying to bring aid and food to people being starved, and amounts to contravening international and human rights laws. Penny Wong has summoned the Israeli ambassador, alongside other governments; we need to demand more than this, that the Australian government completely cuts all military, political and economic ties to Israel.

Free Palestine.

## SUMMARY

The last month has mostly consisted of preparation for Fringe Week and Autumn Feast. Although my meetings attended have been fewer, a lot of the communication has been through emails, coordinating with the events team, external contractors, Guild Volunteering, and my committee.

## MEETINGS ATTENDED

<i>Date</i>	<i>Meeting</i>	<i>Purpose</i>
28/4/26	SOC PAC Meeting	Monthly meeting for SOCPAC affiliated clubs
30/4/26	PAC Committee	Meeting to outline the running of Autumn Feast
4/5/26	Multicultural Committee	Met with the marketing officer of the Multicultural Committee and explained their role and expectations

## PROJECT UPDATE

Fringe Week was a great success, and we had strong involvement from clubs, which was really good to see. Our collaboration with Volunteering for our Op Shop event was extremely popular, raising over \$1000. Although the collaboration with UDS was unable to go ahead due to weather conditions, UWADance and Sanskriti still held Bollywood workshops, and Autumn Feast was still another success (despite the bad weather at the beginning).

## FINANCES

The money spent in the last month was for the sound production company for Autumn Feast. This cost \$1645.32.

## ACHIEVEMENTS

A well-deserved shout-out to my committee for their organisation of Autumn Feast, as well as dealing with the poor weather at the start and pushing through until the end to ensure a successful event.

## SUMMARY

May has been another busy and productive month for the PSA, balancing advocacy work, university engagement and a packed slate of postgraduate initiatives. I've continued extensive meeting attendance across university, policy and consultation spaces, including Senate, SSAF, UCASC, HDR Consultative Committee, Safer Communities Advisory Committee and various academic policy reviews. Ollie and I have continued progressing key discussions with the University, particularly around assessment reform, student conduct regulations, mental health visibility, HDR wellbeing and student-friendly academic policies.

The PSA has wrapped up Semester 1 events on a high note. Our final PSA Connect for the semester was another strong success, bringing students together during exam season, while our PSA Snack Runs saw us engage postgraduates across both Crawley and QEII campuses with free snacks. I was also really proud to see new initiatives driven by the broader PSA team, including our Committee Yarn Circle led by Kat in anticipation of Reconciliation Week. Across the board, it's been fantastic seeing sustained committee engagement, initiative and ownership beyond the executive team.

On the projects front, the PSA Newsletter continues to show strong readership and engagement, while the PSA Grants process has now concluded successfully. Huge credit to Harry for his work coordinating applications and assessments, we were able to award over \$8,000 in grants to an incredibly impressive cohort of postgraduate researchers. We've also launched Semester 2 committee recruitment and are shaping up for another strong semester ahead, with exciting plans already in motion.

## PROJECT UPDATE

### **PSA Committee**

Has been great to see sustained engagement from the PSA Committee and everyone taking initiative for their portfolios beyond the executive. I've been really enjoying getting to know everyone this Semester. Unfortunately some of our committee is graduating and moving on to greener pastures so we've opened applications for Semester 2 Committee positions. Thus far we've gotten applications for every spot so looking at having a full committee for Semester 2. Going to be a big one with the ball and more.

### **PSA Newsletter**

The fourth PSA Newsletter was sent out last week! Main item was an introduction to Max and to promote the events, committee applications and initiatives we had coming up! The newsletter continues to show strong readership and engagement and I'm still getting a lot of reach out from external and UWA people to include things in the newsletter which is great! Unsure if I'll publish another one before Semester ends but looking forward to continuing the newsletter in Semester 2.

### **PSA Grants**

The PSA Grants process is basically complete. A massive shoutout to Harry for all his work and effort on the PSA Grants front. Harry prepared and shortlisted various applicants of these Grants from across different schools and fields of research. We then came together as a sub-committee for a few hours and went through all the shortlists and scored them on criteria before deciding who to award. I was thoroughly impressed with the quality of applicants this year and was fascinating to hear about the awesome research students are working on. We've decided to award \$8,200 worth of grants and will be talking to finance this week to make sure they're distributed.

### **PSA Connect**

Held our third PSA Connect for the year at the UWA Tavern and final one for Semester 1! Was another well attended Connect and was great to see students bonding with one another. Lots of people forming groups and chatting. Was able to give away a few pizzas for people to take home as well. Definitely was needed for some people as a break from study! Looking forward to the next Connect in Semester 2.

### **PSA Snack Runs**

This was a project Kai and his sub-committee came to me with that I thought was fantastic. Shoutout to the Guild Events team for suggesting collaboration with Tiny Spoons. Kai and his team organised 100 free ice creams for postgraduates and had lots of fun games to play as well as questions for people to answer related to their area of study. It was a steady trickle of people throughout the 2 hours and in the end all ice creams got used! Very proud of the Welfare team for pulling off this new event.

## PSA Yarn Circle

Our Aboriginal and Torres Strait Islander Representative, Kat, hosted the PSA Committee for a Yarn Circle in anticipation of reconciliation week. Was a great discussion and I greatly appreciated Kat's initiative and expertise. Looking forward to hosting another one in Semester 2 with our new Committee members and hopefully making this a PSA Committee staple going into the future.

## ENGAGEMENT WITH THE UNIVERSITY

### Review of Assessment Working Group

Attended the second Review of Assessment Working Group for the year. There was only one agenda item for this meeting as it was a hefty one and required lengthy discussion. This meeting focused on Secure Assessment Modalities and included extensive Go8 and non-Go8 benchmarking. Also looked at the TESQA report on secure assessments as well.

Ollie and I flagged our concerns with hurdle assessments in particular and continued to advocate for more student-friendly policies from this group. A proper proposal is likely to come to the next ROAWG as this one was mainly for extensive discussion to inform the creation of a paper.

### HDR Student Consultative Committee

Second HDR Consultative Committee for the year! Hunter and I presented on the PSA Survey and our works on that front, as well as the different events and targeting we are doing to help support HDR students. The HDR Team discussed some of the 3 T surveying they are doing as well as a research competition they are running. We also got an update on HDR Mental Health and Wellbeing and had some debate around whether postgrads know about, and take up, mental health support.

Major portion of the meeting was a presentation from the UniMentor team. The program is focused on providing group mentoring and building social connection and they wanted to know how they can better engage sign ups for both mentor and mentees in the HDR space specifically.

### **University Curriculum and Admission Standards Committee**

*Second UCASC for the year. Not too much of note on the agenda but we approved new Graduate Certificates in Human Sciences and Infectious Disease. Introduced the Master of Semiconductor Science and Technology and discussed a Master of Statistics. We also approved UWA College pre-masters courses and reviewed experience-based entry for admissions. Was a largely uncontroversial meeting!*

### **Safer Communities Advisory Group**

*Attended first Safer Communities Advisory Group for the year. Slow start for the group but seems like there's a good group of work for the group to work through this year. Meeting started off with a discussion around the Gender-based Violence Code and mandating the Respectful Relations Module. The Guild raised points around 24/7 spaces and sharps bins as well.*

*There was then a further discussion on modern slavery and a comprehensive discussion around review of terms of reference and a schedule of works for the year. Keen to update further on what this group does throughout 2026.*

May has been the busiest month for RSD thus far, the ball has taken countless hours to organise and undertake, with meetings from 6pm to 1am just to ensure everything went smoothly. We noted various structural struggles we experienced including with IWannaTicket. We have now made history with the largest RSD Ball in history and most diverse in representation from the Colleges. This year's ball was also undertaken with the most volunteers and least amount of incidents.

### **UWA Sports Projects**

#### **Interfaculty Sport**

POC: Tim Buchan (UWA Sport)

Sessions are running fortnightly from March 3rd on Tuesdays between 11:00am and 2:30pm. Outreach has focused on faculty societies whose participation has declined in recent years, alongside strengthening engagement with Faculty Society Sports Representatives to streamline communication and reduce barriers to entry.

Futsal & Volleyball Ran smoothly, with notably increased participation from several faculties.

Interfaculty wrap-up celebration was held at the Tavern directly after Volleyball concluded.

Retrospectively, the strong working relationship between UWA Sport & Guild Sport has contributed to the continuation of a passionate, energetic sporting culture on campus. As the year continues I am keen to continue fostering and delivering sporting opportunities for students in collaboration with UWA Sport.

## SUMMARY

May has been a fantastic month for the Volunteering Department. We celebrated National Volunteer Week during week 12, which was a massive success! We hosted 5 events – the Micro Amazing Race, a free sausage sizzle, the Celebrate UWA Volunteers evening, a campus clean up and excursion to Lifeblood as part of the Vampires Cup.

A highlight was definitely the Celebrate UWA Volunteers evening, where we saw fantastic attendance of the Guild Volunteering coordinators, PROSH committee, students and charities. It was a great opportunity to highlight the work Guild Volunteering has been doing this year, and say ‘thank you’ to our charity partners for the work they put in. It was fantastic to see so many Guild Councillors showing up and supporting the event, so thank you to everyone who attended.

This month, I also had the opportunity to attend Senate Dinner and the Volunteer of the Year WA Awards Night, which great fun.

I’d like to thank Lizzie and Christina who worked extremely hard to organise National Volunteer Week. Their support throughout the semester has been fantastic and I look forward to next semester.

### Current planned events

#### **Puppy Yoga**

In collaboration with the Women's Department, we are planning a Puppy Yoga event on the 27<sup>th</sup> of May.

### Past events

#### **Wellbeing Week**

Held in Week 10, where we had: Pot painting with the Guild Environment Department (Monday), Bubble Soccer (Tuesday), Krispy Kremes (Wednesday) and Sausage Sizzle (Thursday).

#### **Sausage Sizzle – Wellbeing Wednesdays**

We held a free Sausage Sizzle and it was a massive success! Will include vegetarian options for next time.

#### **Yoga - Wellbeing Wednesdays**

The venue and instructor were very good – creating a relaxing atmosphere for students to unwind. However, my team will definitely have to work on our marketing and promotion of future Wellbeing Wednesday events.

#### **Wellbeing O-day Stall:**

The Student Guild Wellbeing Department is planning to set up a stall on O-day. At this stall, we plan to give out flyers detailing cheap-eats around campus and UWA's help services regarding academic stress. Additionally, we will be giving up small goodie bags that can be won by playing a game.

## SUMMARY

The Women's Department has continued pushing out events and initiatives and has begun planning Semester 2. In the last month, we have hosted a bake sale raising money against child marriage. We then hosted a study night in collaboration with ISD, PSA, Pride, and Ethno. We ran a candle-painting workshop that received excellent engagement and feedback. We also pushed out a reel promoting the Safezone app, as a relevant topic to women at UWA. The Department also ran puppy yoga, as well as a public speaking competition.

Despite an issue with the harassment survey being on the wrong platform, we are eager to push it back into circulation and are waiting on the replacement survey to be finalised.

We purchased new furniture as the old were breaking apart in the Women's Room. The room is looking refreshed.

We are spending time planning End the Violence Week and Women's Week, currently set for Weeks 7 and 2 respectively. We are so happy to announce that we have received positive communication from What Were You Wearing Australia and are set to host the Survivor Art Exhibition in End the Violence Week.
